

**CITY OF NEW YORK
DEPARTMENT OF BUILDINGS**

Pursuant to Administrative Code Section 27-131, the following equipment or material has been found acceptable for use in accordance with the Report of Materials and Equipment Acceptance (MEA) Division.

Patricia J. Lancaster, F.A.I.A., Commissioner
MEA 148-04-E

Report of Material and Equipment Acceptance Division

Manufacturer – Unitary Products Group York International Corp., 3110 N. Mead, P.O. Box 19014, Wichita, KS 67204.

Trade Name(s) – York, Coleman, Luxaire.

Product – Condensing Units.

Pertinent Code Section(s) – 27-770, 27-777.

Prescribed Test(s) -RS 13-11 (UL1995).

Laboratory – Underwriters Laboratories Inc.

Test Report(s) – File 48581, dated June 15, 2004, revised September 7, 2004.

Description – These various Model Series of condensing units are the outdoor sections of a versatile air conditioning. These condensing units are all based on the same overall unit configurations, utilizing only differing internal components to provide a variety of complete comfort systems for the end user. Matching air handlers are upflow, downflow, and horizontal left or right application to provide a complete system. Add-on coils are for use with upflow, downflow, or horizontal furnaces.

Approved Units:

YZB/HC3B/HL3B	2 to 5 tons
CMA/AC2A/AL2A	2 to 5 tons
CZB/AC3B/AL3B	2 to 5 tons

Recommendation - That the above units will accepted under the following conditions:

1. All shipments and deliveries of such equipment shall be provided with a laboratory label and a permanent tag , suitably placed, certifying that the equipment shipped or delivered is equivalent to that tested and accepted for use, as provided for in Section 27-131 of the Building Code.
2. Approval of electrical equipment, apparatus, material and devices shall be obtained from Bureau of Electrical Control before installation.

Final Acceptance_____
