Pursuant to Administrative Code Section 27-131, the following equipment or material has been found acceptable for use subject to the terms and conditions contained herein.

**MEA 23-08-M**

**Manufacturer:** OMNOVA Solutions Inc.  
133 Yorkville Road East  
Columbus, MS 39702

**Trade Name(s):** Ecore™

**Product:** Single-ply polyester/polyamide wall covering  
MEA Index #440-320 – Wall Covering

**Pertinent Code Section(s):** 27-348

**Prescribed Test(s):** RS 5-5 (ASTM E84), UPITT Test for combustion product, Toxicity

**Laboratory:** Southwest Research Institute (SwRI)  
Anderson Laboratories (AL)

**Test Report(s):**  
SwRI: No. 01.12693.01.203b – dated July 23, 2007.  

**Description:** Type 2, single-ply polyester/polyamide wall covering intended for use as interior finish. The nominal weight of material is 6.0 oz per square yard total weight.

  Flame Spread Rating – 25  
  Smoke Developed Rating – 30

**Terms and Conditions:** The above wall covering material, as conforming to interior finish Class “A” requirements and having the smoke developed rating as indicated above, are accepted under the following conditions:

1. Upon exposure to fire the sheets do not produce products of decomposition or combustion that are more toxic than those given off by wood or paper, when decomposing or burner under comparable conditions.
2. All shipments and deliveries of such material shall be accompanied with a certificate or label, suitably placed, certifying that the material shipped or delivered is equivalent to that tested and accepted for use, as provided in Section 27-131 of the New York City Building Code.

NOTE: In accordance with Section 27-131(d), all materials tested and accepted for use shall be subject to periodic retesting as determined by the Commissioner; and any material which upon retesting is found not to comply with Code requirements or the requirements set forth in the approval of the Commissioner shall cease to be acceptable for the use intended. During the period for such retesting, the Commissioner may require the use of such material to be restricted or discontinued if necessary to secure safety.

Final Acceptance  February 21, 2008
