UL Safety Report #SA3931, Vol. 2, Section 61 and

Description: The Nor-Lake Ice Merchandiser is intended to provide cold storage for bagged ice in a commercial environment such as restaurants and food stores, and also in institutional environments such as schools, nursing homes, etc.

Product Covered:
Model IM241WWG/0 – Ice Merchandiser

Note: The Ice Merchandiser requires free air access for proper operation. The unit will not operate properly without adequate air circulation.
Terms and Conditions: The above-described ice merchandiser is accepted on the following conditions:

1. Unit shall use Refrigerant R-134a.

2. Approval of all electrical equipment, apparatus, materials and devices shall be obtained from the Department's Electrical Advisory Control Board before installation.

3. There must be a minimum four inch clearance from the sides of the cabinet to a wall.

4. Adequate supply of fresh air shall be provided for ventilation into room or space enclosing equipment.

5. The installation shall not obstruct access for operation and servicing.

6. No flammable material (except electrical insulation) shall be located in the machine or wiring compartments unless specified.

7. Units shall be used in compliance with the Energy Conservation Construction Code of New York State.

8. All shipments and deliveries of such equipment shall be provided with a metal tag, suitably placed, certifying that the equipment shipped or delivered is equivalent to that tested and accepted for use, as provided in Section 27-131 of the New York Building Code.

Final Acceptance March 24, 2008
