Pursuant to Administrative Code Section 27-131, the following equipment or material has been found acceptable for use in accordance with the Report of Materials and Equipment Acceptance (MEA) Division.

Richard C. Visconti, R.A., Acting Commissioner

MEA 37-00-E
Report of Material and Equipment Acceptance Division

Manufacturer-- Mile High Equipment Company, 11100 East 45th Avenue, Denver, Colorado 80239.
Trade Name(s) -- Ice-O-Matic.
Product -- Commercial ice-making equipment - self contained.
Pertinent Code Section(s) - 27-771, 27-772.
Prescribed Test(s) - RS 14-6 (UL 563).
Laboratory -- Underwriters Laboratories Inc.
Description -- Commercial ice-making equipment. Water is frozen in the evaporator which is shaped to form ice cubes. A timer initiates a hot gas cycle when the desired cube thickness is obtained. Machine compartment contains control box, expansion valve, compressor, either air or water cooled condenser, drier, receiver condenser fan motor, float valve and high and low pressure control panels, and timer. Evaporator compartment is equipped with evaporators and water pump. R-404A is the refrigerant used for the system.

PRODUCT COVERED:

Air and water cooled units, ice makers - Models ICEU200A, ICEU200W, both can use either R-404A or R134a refrigerants, ICE0250A, T, or W, ICE0400 A or W; ICE0406A, T or W, ICE0500A, T or W, ICE0606 A, T or W, ICE0806A or W, ICE1006 A or W, ICE1007A or W, ICE1406 A or W, ICE1407 A or W, ICE1806 A or W, ICE1807W, ICE2106W and ICE2107W, all with or without additional suffix letter or number.

Note: A = Air cooled; W = Water cooled
Recommendation - That the above described ice-making equipment be accepted, under the following conditions:

1. Unit shall be installed in accordance with manufacturer's instructions and New York City Electrical Code requirements.

2. The installation shall not interfere with the accessibility for operation and servicing.

3. No flammable material (except electrical insulation) shall be location in the machine or wiring compartments unless specified.

4. All shipments and deliveries of such equipment shall be provided with a metal tag, suitably placed, certifying that the equipment shipped or delivered is equivalent to that tested and accepted for use, as provided for in Section 27-131 of the Building Code.

5. Approval of electrical equipment, apparatus, materials and devices shall be obtained from the Bureau of Electrical Control before installation.

Final Acceptance 4/26/2000
