Pursuant to Administrative Code Section 27-131, the following equipment or material has been found acceptable for use subject to the terms and conditions contained herein.

**MEA 409-07-M**

**Manufacturer:** Jilin Tiancheng (Canada) Limited, 95 Havenbrook Blvd., Suite 707, Toronto, Ontario M2J 1A9 CANADA

**Trade Name(s):** ARMOROC

**Product:** Cement-bonded particleboard

**Pertinent Code Section(s):** 27-297, 27-107, 27-232 (non-combustible)

**Prescribed Test(s):** RS 5-5 (ASTM E136)

**Laboratory:** VTEC Laboratories

**Test Report(s):** VTEC 100-2471 Rev 1.0 (ASTM E136), dated August 16, 2006.

**Description:** ARMOROC is a highly fire-resistant cement-bonded particleboard (CBPB) that is mechanically fastened to framing members as a sub-floor or sheathing material, which shall receive a finish.

**Terms and Conditions:** The above-described cement-bonded particleboard material is accepted for usage where New York City Building Code requires non-combustibility.

1. All shipments and deliveries of such material shall accompanied by a label or certificate, suitably placed, certifying that the material shipped or delivered is equivalent to that tested and accepted for use, as provided in Section 27-131 of the New York City Building Code.

**Note:** In accordance with Section 27-131(d), all materials tested and accepted for use shall be subject to periodic retesting as determined by the Commissioner; and any material which upon retesting is found not to comply with Code requirements or the requirements set forth in the approval of the Commissioner shall cease to be acceptable for the use intended. During the period for such retesting, the Commissioner may require the use of such material to be restricted or discontinued if necessary to secure safety.

Final Acceptance December 18, 2007
