Terms and Conditions: The above units are accepted on condition that:

1. All uses, configurations, arrangements and functions, application and installations comply with the provisions of New York City Building Code, specifically Subchapter 17 and with Reference Standard RS 17-3. Further, the installation and spacing shall be in accordance with the manufacturer’s recommendation, NFPA 72 and UL standard.

2. These units shall be used with compatible UL-listed and MEA-approved fire control panels. The compatibility must be specified or determined by a UL test report or the Engineer of Record.

3. All shipments and deliveries of such equipment shall be provided with a metal tag, suitably placed, certifying that the equipment shipped or delivered is equivalent to that tested and acceptable for use, as provided in Section 27-131 of the New York City Building Code.

Final Acceptance: July 17, 2007
