

## What to do if there is an accident at your construction work site:

- 1)** If someone is hurt, call **911**.
  - 2)** If no one is hurt, call **311** or DOB at **(212) 602-0431**.
  - 3)** Report all accidents to your site-safety professional, if any, and your supervisor.
  - 4)** Stay at the site until government safety investigators get there and wait for their direction.
- Call **311** to report unsafe conditions at your construction work site. You do not need to give your name.
  - DOB will not ask for your immigration status.
