TO: BOROUGH SUPERINTENDENTS
FROM: George E. Berger, P.E. Assistant Commissioner
SUBJECT: Smoke Control - Corridors of Hospitals 27-777.01 (a) (2)
DATE: December 10, 1987

Enclosed or unenclosed passageways serving patient rooms in a hospital where doors from such rooms are not required to be closed, shall not be considered as corridors for the purpose of required separation of ventilation systems as per Section 27-777.01 (a) (2).
