Cabaret Applications
A ‘Cabaret’ is defined in New York City as any room, place or space in which any musical entertainment, singing, dancing or other form of amusement is permitted in connection with the restaurant business or the business of directly or indirectly selling to the public food or drink, (except eating or drinking places, which provide incidental musical entertainment, without dancing, either by mechanical devices, or by not more than three persons). A Cabaret license, issued by the Department of Consumer Affairs, is required for any business that sells food and / or beverages to the public and allows patron dancing in a room, place, or space.

A cabaret shall exercise proper care and responsibility in supervising crowd control in the areas adjacent to the cabaret’s entrance. A cabaret shall also make an effort to ensure that the crowd awaiting admission to or leaving the premises does not cause excessive noise or litter or behave in a manner that would disturb the public peace or safety. Cabarets that are required to have an indoor waiting area shall utilize that area to its maximum capacity at all times when crowds are awaiting admission.
NYC Building Code + NYC Administrative Code

The NYC Building Code (BC) and the NYC Administrative Code (AC) regulate the design and construction cabarets. The NYC BC outlines the requirements for occupant load limits, exits and exit components, fire protection systems, and accessibility. Where 75 or more people are anticipated indoors or on the roof, cabarets must have a capacity sign and Place of Assembly Certificate of Operation (PACO) posted in a highly visible location within the space. Approved PA plans should also be available at the site for yearly Fire Department inspection. See Code Notes for Places of Assembly, Eating and Drinking Establishment and Adult Establishments for additional information and requirements.

New York City Fire Code (FC)

As part of the Cabaret license from DCA, the Fire Department performs fire safety inspections in conjunction with the Buildings Department. The NYC FC also outlines requirements for Public Gatherings and regulates decoration, standing areas, egress, fire guards, safety announcements, inspections, evacuation protocol and fire apparatus access. Where a PACO or Temporary Place of Assembly permit is required, a certificate of fitness may be required as part of the fire safety and emergency plan.

The Code Notes series has been developed to provide a general overview of the NYC Department of Buildings (DOB) project requirements for the construction industry. The information in this document is only a summary and overview and is not intended to substitute for the full text and meaning of any law, rule or regulation. Users may also consult with a registered design professional for more specific guidance on Construction Codes requirements, other regulatory laws and rules, and technical site-specific requirements.

The City disclaims any liability for errors that may be contained in this document and shall not be responsible for any damages, consequential or actual, arising out of or in connection with the use of this document and/or the information contained herein. DOB reserves the right to take action at variance with this document. This document shall not be construed to create a substantive or procedural right or benefit enforceable by any person. The information contained in this document is current only as of the publication date of this document.
FIRST STEPS

- Copy of Certificate of Occupancy or schedule A from related Alt1 or NB application confirming number of occupants and zoning use group

- Verify the proposed use based on the number of occupants and whether there is entertainment and verify that proposed used is permitted within the subject Zoning District. If the premises will accommodate 75 or more persons, the premise, room, place or space must obtain a Place of Assembly Certificate of Operation from the Department of Buildings (DOB).

- Construction Code Determinations (CCD1), if applicable

ADMINISTRATIVE

DOB Forms/ Technical Documents

- PW1 – Plan/Work Approval Application
  - Verify job description
  - Code Applicability – The applicant shall indicate whether the plan review will be under the current code requirements or a prior code per Administrative Code section §28-101.4.

- Asbestos abatement compliance (PW1 box 22), NYC DEP ACP5, or ACP7 (filed at ATRU)

- TR1, TR8, as applicable

- Energy Code Analysis

- Drawings outlining the entire scope of work, including lighting
PA1, where 75 or more occupants are anticipated

- Completed TR1 for Emergency Lighting progress inspection
- Drawings indicating the seating and/or equipment layouts, emergency lighting accessibility, including required clearances, egress calculations, exit requirements and changes in elevation.

Related Applications

Please note that separate filings will be required for the alternative fire suppression systems (if applicable) in the kitchen, as well as the fire alarm, both of which will be reviewed by the Fire Department.

- Alt1 or NB approved, indicating number of occupants, occupant loads and zoning use group
- Alt2 for construction work (walls, doors, etc.), sprinkler system, fire alarm system, fire suppression system, if not already included in an Alt1 or NB application
- New Certificate of Operation required for changes in zoning or assembly use group – BC §28-117.1.2
- Amendments to Certificate of Operation – BC §28-117.1.3

BIS Required Items

Check current Department memos and service notices
ZONING

- Article 1, Chapter 2 definition for “Adult eating and drinking establishment”
- Special provisions for “Adult Establishments” – ZR 32-01 and ZR 42-01
- Zoning Use Group to be determine in accordance with ZR Appendix A – Index of Uses, as follows:

<table>
<thead>
<tr>
<th>Use Group</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>6</td>
<td>Eating or drinking establishments with entertainment and a capacity of 200 persons or fewer, including those which provide outdoor table service or have music for which there is no cover charge and no specified show time.</td>
</tr>
<tr>
<td>9 or 13</td>
<td>Banquet Halls. Dancing, entertainment and music without restrictions are permitted in such establishments provided such use is contracted for between the proprietor and the individual and/or organization that will invite guests to a specific function.</td>
</tr>
<tr>
<td>10</td>
<td>Eating or drinking establishments without restrictions on entertainment or dancing but limited to location in hotels</td>
</tr>
<tr>
<td>12</td>
<td>Eating or drinking establishments with entertainment and a capacity of more than 200 persons or establishments of any capacity with dancing [PRC-D]</td>
</tr>
</tbody>
