The inspector shall note on back of the original "form #35" how the service was made.
 - a. If personal service, the inspector shall execute an affidavit of service.
 - b. If deposited in mail box or left under door - inspector shall make note of such on the back of the original "form #35."
3. If the inspector is unable to serve violation he shall make diligent to ascertain name and address of a responsible person. If this info is not ascertainable in the field he shall consult the Multiple Dwelling registry in case of a multiple dwelling or the Real Estate Guide in other cases.
