2014 NYC Construction Codes: Notification of Sidewalk Shed Removal

Under the 2014 NYC Construction Codes, new notification requirements are in effect for sidewalk shed removals. For more information, see 2014 NYC Building Code §3307.6.5.11.

Sidewalk Shed Notification Requirements

1. Sheds Initially Permitted 12/31/14 or Later: The sidewalk shed permit holder must notify the Department **after** all sidewalk sheds are removed.
2. Notification Timeframe: Notification must be provided to the Department within 48 hours after the sidewalk shed is removed from the jobsite.

Sidewalk Shed Notification Process

Call (212) 393 – 2550 and provide the Call Center representative the following information:

- Sidewalk shed permit number;
- Date the removal was complete;
- Whether the project was designated a site safety job; and
- Whether the work was façade-related.

You will receive a confirmation number. No fees are associated with this notification.
