

# **APPENDIX CCRB COMPLAINT DATA 2015**

## **A Note on Methodology**

Data for previous years in this Annual Report may differ slightly from the numbers in the prior Annual Report. This is because complaint data is subject to change during the course of an investigation. For example, an allegation may be included in the early part of the investigation and then not pleaded after a closer look at the evidence. Therefore, numbers run from the CCRB database at one point in time may slightly differ from numbers run from another point in time. Rather than reusing the counts published in prior years, we have updated all counts to provide you with the most up to date data. In addition, when discussing closed cases, we now use the case closing date (the date a complaint is marked as closed in our database) rather than the panel date (the date a panel is scheduled to vote on a complaint) as the date which marks final closure of a complaint. All of these changes are minor and do not affect the substance of any previous reports.
