BUILD NYC RESOURCE CORPORATION

■ PUBLIC HEARINGS

NOTICE OF PUBLIC HEARING

The Build NYC Resource Corporation (the "Corporation") is a not-for-profit local development corporation organized under Sections 402 and 1411 of the Not-for-Profit Corporation Law of the State of New York. In accordance with the aforesaid law, and pursuant to its certificate of

incorporation, the Corporation has the power to issue non-recourse revenue bonds and to make the proceeds of those bonds available for projects that promote community and economic development in The City of New York (the "City"), and to thereby create jobs in the non-profit and for-profit sectors of the City's economy. The Corporation has been requested to issue such bonds for the financings listed below in the approximate dollar amounts respectively indicated. As used herein, "bonds" are the bonds of the Corporation, the interest on which may be exempt from local and/or state and/or federal income taxes; and, with reference to the bond amounts provided herein below, "approximately" shall be deemed to mean up to such stated bond amount or a greater principal amount not to exceed 10% of such stated bond amount. All square footage amounts and wage information shown below are approximate numbers.

Borrower Name: The Asia Society (the "Institution"), a New York not-for-profit education corporation exempt from federal taxation pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, as borrower. **Financing Amount:** Approximately \$18,000,000 in tax-exempt revenue bonds. **Project Description:** Proceeds from the bonds, together with other funds of the Institution, will be used by the Institution to: (1) refund the Trust for Cultural Resources of the City of New York Refunding Revenue Bonds, Series 2000 (The Asia Society) in the approximate aggregate amount currently outstanding of \$17,305,000, the proceeds of which were used to finance a portion of the cost of renovating and reconfiguring an approximately 75,000 square foot building located on an approximately 9,000 square foot parcel of land located at 725 Park Avenue, New York, NY, 10021 (the "Facility"); and (2) pay for certain costs associated with the issuance of the bonds. The Facility is owned and operated by the Institution to serve as its headquarters to promote mutual understanding and strengthening partnerships among peoples, leaders and institutions of Asia and the United States. **Addresses:** 725 Park Avenue, New York, NY, 10021. **Type of Benefits:** Tax-exempt bond financing and exemption from City and State mortgage recording taxes. **Total Project Cost:** \$18,000,000. **Projected Jobs:** 113 existing full time equivalent jobs. **Hourly Wage Average and Range:** \$43.47/hour, estimated range of \$17.90/hour to \$295.67/hour.

Borrower Name: Lower East Side Tenement Museum (the "Institution"), a New York not-for-profit corporation exempt from

federal taxation pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, as borrower. **Financing Amount:** Approximately \$10,550,000 in tax-exempt revenue bonds. **Project Description:** Proceeds from the bonds, together with other funds of the Institution, will be used to: (1) refinance an outstanding 2007 tax-exempt loan in the original principal amount of \$8,900,000, the proceeds of which were used to (a) refinance the portion of a mortgage loan incurred to acquire an approximately 17,350 square foot building located at 91 Orchard Street allocable to the basement, ground floor, second floor and Unit 5A used by the Institution for office space and storage and (b) finance a portion of the costs of the acquisition, renovation, equipping and furnishing of an approximately 21,432 square foot building located at 103 Orchard Street allocable to the basement, ground floor, second floor, Units 8 and 10 used by the Institution for classrooms, exhibition space, visitor center, museum store, administrative space and storage, (2) to finance (a) the design, construction and renovation of floors 3-5 at 103 Orchard Street for exhibit, program, administrative and storage space and (b) the replacement of the roof and the reconstruction of the cornice at 103 Orchard Street and (3) finance the costs of issuing the bonds. **Addresses:** 103 Orchard Street, New York, NY 10002 and 91 Orchard Street, New York, NY 10002. **Type of Benefits:** Tax-exempt bond financing and exemption from City and State mortgage recording taxes. **Total Project Cost:** \$15,550,000. **Projected Jobs:** 83.5 existing full time equivalent jobs, 10 new full time equivalent jobs projected. **Hourly Wage Average and Range:** \$26.28/hour, estimated range of \$13.00/hour to \$137.00/hour.

For any updates to project information after the date of this notice, please visit the website of New York City Economic Development Corporation at www.nycedc.com/buildnyc-project-info.

Pursuant to Internal Revenue Code Section 147(f), the Corporation will hold a public hearing on the proposed financings described hereinabove at the offices of the New York City Economic Development Corporation ("NYCEDC"), located at 110 William Street, 4th Floor, New York, NY 10038, commencing at 10:00 A.M. on **Wednesday, March 4th, 2015**. Interested members of the public are invited to attend. The Corporation will invite comments at such hearing on the proposed financings. In addition, at such hearing the Corporation will provide the public with an opportunity to review the financing application and the cost-benefit analysis for each of the proposed financings. For those members of the public desiring to review project applications and cost benefit analyses before the date of the hearing, copies of these materials will be made available, starting on or about fourteen (14) days prior to the hearing. Persons desiring to obtain copies of these materials may visit the website of New York City Economic Development Corporation at www.nycedc.com or may call (212) 312-3598. Persons desiring to make a brief statement regarding the proposed financings and transactions should give prior notice to the Corporation at the address or phone number shown below. Written comments may be submitted to the Corporation to the attention of Ms. Frances Tufano at the address shown below. Comments, whether oral or written, must be submitted no later than the close of the public hearing. Please be advised that certain of the aforementioned proposed financings and transactions may possibly be removed from the hearing agenda prior to the hearing date. Information regarding such removals will be available by contacting ftufano@nycedc.com on or about noon on the Friday preceding the hearing.

CITY PLANNING

MEETING

**PUBLIC NOTICE OF A SCOPING MEETING
DRAFT ENVIRONMENTAL IMPACT STATEMENT
(CEQR No. 15DCP104Y)**

NOTICE IS HEREBY GIVEN that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) that the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission (CPC) as CEQR lead agency, has determined that a Draft Environmental Impact Statement (DEIS) is to be prepared for the Zoning for Quality and Affordability Text Amendment (CEQR No. 15DCP104Y).

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Wednesday, March 25th, 2015, at 4:00 P.M. and will be held at Spector Hall, 22 Reade Street, New York, NY, 10007. Written comments will be accepted by the lead agency until 5:00 P.M. on Monday, April 6 2015.

The New York City Department of City Planning (DCP), the Applicant, is proposing zoning text amendments (the "Proposed Action") with citywide applicability. The Proposed Action includes the following three components:

1. *Promote Affordable Senior Housing and Care Facilities:* Older New Yorkers are a diverse and rapidly growing segment of the city's population. There is an increasing need for a range of housing and long-term care options for our seniors, yet zoning has failed to keep pace with evolving models in senior housing. The proposed action would promote affordable senior housing and long term care facilities through various updates and refinements to the zoning resolution, as follows:
 - Modernize zoning definitions: Accommodate today's housing models and recognize regulated housing and facility types by removing obsolete definitions and updating definitions for affordable senior housing and long-term care facilities.
 - Rationalize Floor Area Ratios: Establish consistent floor

area ratios and corresponding building heights for affordable senior housing and long-term care facilities to facilitate more and better housing for seniors.

- Allow flexibility for different types of affordable senior housing and care facilities: Relax density restrictions that may prevent the creation of appropriately sized units by removing the density factor and minimum unit size requirement.
- Reduce administrative obstacles: Eliminate certifications and special permits for nursing homes.

This component of the proposed action is applicable to multi-family R3-2 through R10 residence districts, as well as their residential equivalents in commercial and manufacturing districts, as applicable. These changes would also be reflected in Special Districts and special areas that include these zoning districts.

2. *Modernize Rules That Shape Buildings:* Because of changing regulations, the rise of green technologies, and other best practices for construction, it can be costly or impossible to fit the permitted floor area within the building envelopes allowed under existing height and setback regulations. These same zoning controls also limit design flexibility and too often result in buildings that are flat or dull, fail to enliven the pedestrian environment, and lack the variation and texture typical of older apartment buildings. The proposed action would modernize rules that shape buildings in the city through various updates and refinements to the Zoning Resolution, as follows:

- General building envelope modifications: In medium- and higher-density districts, allow sufficient flexibility to accommodate best practices for affordable construction and good design, including:
 - o Height: Increase maximum heights (by 5' to 15') to ensure all permitted floor area can fit and allow better design.
 - o Setbacks: Measure upper floor setback from street line, removing penalty for buildings that set back at the street level, allowing better interior layouts and reducing construction cost.
 - o Corner Lots: Loosen lot coverage and other requirements that make housing construction unnecessarily difficult, especially on irregularly shaped lots.
- Enhanced building envelope modifications for Inclusionary and affordable senior housing and care facilities: Where zoning allows additional floor area for affordable housing for seniors or Inclusionary Housing, provide enough flexibility to fit all permitted floor area with good design, including:
 - o Height: Increase maximum height (by 1 to 2 stories in R6-R8 districts, and 3 to 4 stories in R9-R10 districts) to fit all floor area without sacrificing quality of housing.
 - o Amenity Spaces: Allow ground-floor accessory residential amenity spaces to be located in the rear yard, where parking garages or community facilities are allowed today.
 - o Non-contextual districts: In non-contextual zoning districts (which do not have overall height limits), establish more flexible height limits for senior housing and future Inclusionary Housing developments.
- Improved design flexibility: Allow flexibility for the variation and texture that typify older buildings in many neighborhoods, including:
 - o Street Wall: Update and clarify regulations to support traditional types of building variation.
 - o Court Yards: Allow greater flexibility to enable visual interest and a range of building configurations.
 - o Ground Floors: Make transparency and design requirements consistent in various zoning and special districts.
 - o Mix of Unit Sizes: Make consistent the unit density standards for all medium- and high-density districts, allowing smaller units to be mixed in with larger ones.
- Modifications for constrained lots: Most existing controls are designed to work with flat, rectangular lots, and do not work well on irregularly-shaped or sloped sites, including:
 - o Yards and Lot Coverage: Allow proportionate reductions in requirements where lots are shallow, acutely-angled, or sloped.
 - o Distance Between Buildings: Reduce "tower-in-the-park"-era requirements to be consistent with the State's Multiple Dwelling Law requirements.

- o Relief for Unusual Conditions: Allow modification on a case-by-case basis, through discretionary review.

This component of the proposed action is primarily applicable to R5D to R10 residence districts, as well as their residential equivalents in commercial and manufacturing districts, as applicable. These changes would also be reflected in Special Districts and special areas that include these zoning districts. In addition, a portion of the proposed action affects the development of affordable senior housing and care facilities in R3-2, R4, and R5 zoning districts.

3. *Reduce Unnecessary Parking Requirements for Affordable Housing:* The cost of providing off-street parking can hamper the production of affordable housing. In transit-accessible neighborhoods, low-income households own far fewer cars, and frequently don't use the parking that has been provided. The proposal would define a "Transit Zone" in portions of the city that encompasses zoning districts that allow multi-family housing within 1/2 mile walking distance from a subway station, and other areas with lower rates of car ownership and utilization. The proposal would include different rules within and outside this zone, as follows:

Inside the Transit Zone:

- Affordable Housing: Eliminate parking requirements for new low-income or Inclusionary Housing units.
- Senior Housing: Eliminate parking requirement for new affordable senior housing units, and allow existing affordable senior housing developments to reduce or eliminate their parking.
- Reductions Allowed on a Case-by-Case Basis: Through discretionary review, allow new buildings to reduce required parking to enable mixed-income development, or existing affordable buildings with underutilized parking to reduce or eliminate requirements.

Outside the Transit Zone:

- Affordable Housing: Simplify existing reduced parking requirements, applying most-common existing parking category to all new developments, except in single-family districts.
- Senior Housing: Reduce parking requirement for new low-income senior housing in medium-density districts and eliminate requirement in high-density districts. Allow existing low-income senior housing to reduce parking by BSA special permit.

This component of the proposed action is primarily applicable to multi-family R3-2 through R10 residence districts, as well as their residential equivalents in commercial and manufacturing districts, as applicable. These changes would also be reflected in Special Districts and special areas that include these zoning districts. In addition, a portion of the proposed action affects the development of affordable senior housing and care facilities in single- and two-family zoning districts between R1 and R5.

The analysis year for this proposal is 2025.

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)

- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

*Firms that are in the process of becoming a New York City-certified M/WBE may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Name, Description and Location of Proposal:

The New York City Department of City Planning (DCP), the Applicant, is proposing zoning text amendments (the "Proposed Action") with citywide applicability. The Proposed Action includes the following three components:

1. *Promote Affordable Senior Housing and Care Facilities:* Older New Yorkers are a diverse and rapidly growing segment of the city's population. There is an increasing need for a range of housing and long-term care options for our seniors, yet zoning has failed to keep pace with evolving models in senior housing. The proposed action would promote affordable senior housing and long term care facilities through various updates and refinements to the zoning resolution, as follows:
 - Modernize zoning definitions: Accommodate today's housing models and recognize regulated housing and facility types by removing obsolete definitions and updating definitions for affordable senior housing and long-term care facilities.
 - Rationalize Floor Area Ratios: Establish consistent floor area ratios and corresponding building heights for affordable senior housing and long-term care facilities to facilitate more and better housing for seniors.
 - Allow flexibility for different types of affordable senior housing and care facilities: Relax density restrictions that may prevent the creation of appropriately sized units by removing the density factor and minimum unit size requirement.
 - Reduce administrative obstacles: Eliminate certifications and special permits for nursing homes.

This component of the proposed action is applicable to multi-family R3-2 through R10 residence districts, as well as their residential equivalents in commercial and manufacturing districts, as applicable. These changes would also be reflected in Special Districts and special areas that include these zoning districts.

2. *Modernize Rules That Shape Buildings:* Because of changing regulations, the rise of green technologies, and other best practices for construction, it can be costly or impossible to fit the permitted floor area within the building envelopes allowed under existing height and setback regulations. These same zoning controls also limit design flexibility and too often result in buildings that are flat or dull, fail to enliven the pedestrian environment, and lack the variation and texture typical of older apartment buildings. The proposed action would modernize rules that shape buildings in the city through various updates and refinements to the Zoning Resolution, as follows:
 - General building envelope modifications: In medium- and

higher-density districts, allow sufficient flexibility to accommodate best practices for affordable construction and good design, including:

- o Height: Increase maximum heights (by 5' to 15') to ensure all permitted floor area can fit and allow better design.
- o Setbacks: Measure upper floor setback from street line, removing penalty for buildings that set back at the street level, allowing better interior layouts and reducing construction cost.
- o Corner Lots: Loosen lot coverage and other requirements that make housing construction unnecessarily difficult, especially on irregularly shaped lots.
- Enhanced building envelope modifications for Inclusionary and affordable senior housing and care facilities: Where zoning allows additional floor area for affordable housing for seniors or Inclusionary Housing, provide enough flexibility to fit all permitted floor area with good design, including:
 - o Height: Increase maximum height (by 1 to 2 stories in R6-R8 districts, and 3 to 4 stories in R9-R10 districts) to fit all floor area without sacrificing quality of housing.
 - o Amenity Spaces: Allow ground-floor accessory residential amenity spaces to be located in the rear yard, where parking garages or community facilities are allowed today.
 - o Non-contextual districts: In non-contextual zoning districts (which do not have overall height limits), establish more flexible height limits for senior housing and future Inclusionary Housing developments.
- Improved design flexibility: Allow flexibility for the variation and texture that typify older buildings in many neighborhoods, including:
 - o Street Wall: Update and clarify regulations to support traditional types of building variation.
 - o Court Yards: Allow greater flexibility to enable visual interest and a range of building configurations.
 - o Ground Floors: Make transparency and design requirements consistent in various zoning and special districts.
 - o Mix of Unit Sizes: Make consistent the unit density standards for all medium- and high-density districts, allowing smaller units to be mixed in with larger ones.
- Modifications for constrained lots: Most existing controls are designed to work with flat, rectangular lots, and do not work well on irregularly-shaped or sloped sites, including:
 - o Yards and Lot Coverage: Allow proportionate reductions in requirements where lots are shallow, acutely-angled, or sloped.
 - o Distance Between Buildings: Reduce "tower-in-the-park"-era requirements to be consistent with the State's Multiple Dwelling Law requirements.
 - o Relief for Unusual Conditions: Allow modification on a case-by-case basis, through discretionary review.

This component of the proposed action is primarily applicable to R5D to R10 residence districts, as well as their residential equivalents in commercial and manufacturing districts, as applicable. These changes would also be reflected in Special Districts and special areas that include these zoning districts. In addition, a portion of the proposed action affects the development of affordable senior housing and care facilities in R3-2, R4, and R5 zoning districts.

3. *Reduce Unnecessary Parking Requirements for Affordable Housing:* The cost of providing off-street parking can hamper the production of affordable housing. In transit-accessible neighborhoods, low-income households own far fewer cars, and frequently don't use the parking that has been provided. The proposal would define a "Transit Zone" in portions of the city that encompasses zoning districts that allow multi-family housing within ½ mile walking distance from a subway station, and other areas with lower rates of car ownership and utilization. The proposal would include different rules within and outside this zone, as follows:

Inside the Transit Zone:

- Affordable Housing: Eliminate parking requirements for new low-income or Inclusionary Housing units.
- Senior Housing: Eliminate parking requirement for new affordable senior housing units, and allow existing affordable senior housing developments to reduce or eliminate their parking.
- Reductions Allowed on a Case-by-Case Basis: Through

discretionary review, allow new buildings to reduce required parking to enable mixed-income development, or existing affordable buildings with underutilized parking to reduce or eliminate requirements.

Outside the Transit Zone:

- Affordable Housing: Simplify existing reduced parking requirements, applying most-common existing parking category to all new developments, except in single-family districts.
- Senior Housing: Reduce parking requirement for new low-income senior housing in medium-density districts and eliminate requirement in high-density districts. Allow existing low-income senior housing to reduce parking by BSA special permit.

This component of the proposed action is primarily applicable to multi-family R3-2 through R10 residence districts, as well as their residential equivalents in commercial and manufacturing districts, as applicable. These changes would also be reflected in Special Districts and special areas that include these zoning districts. In addition, a portion of the proposed action affects the development of affordable senior housing and care facilities in single- and two-family zoning districts between R1 and R5.

Compared to what is allowed under current zoning regulations, the Proposed Action, as described above, has the potential to result in additional floor area, increased number of residential units, and taller buildings. It also has the potential to result in development on sites that would not under the current zoning be developed in the foreseeable future (e.g., on sites currently occupied by parking accessory to senior housing developments). The analysis year for the Proposed Action is 2025.

Statement of Significant Effect:

On behalf of the City Planning Commission, the Environmental Assessment and Review Division has determined, pursuant to 6 NYCRR Part 617.7, that the Proposed Action may have a significant effect on the quality of the environment as detailed in the following environmental impacts, and that an environmental impact statement will be required:

1. The action, as proposed, may result in significant adverse impacts related to land use, zoning, and public policy in the vicinity of the affected area.
2. The action, as proposed, may result in significant adverse impacts related to socioeconomic conditions in the vicinity of the affected area.
3. The action, as proposed, may result in significant adverse impacts on community facilities and services in the vicinity of the affected area.
4. The action, as proposed, may result in significant adverse impacts on publicly accessible open space in the vicinity of the affected area.
5. The action, as proposed, may result in significant adverse shadow impacts in the vicinity of the affected area.
6. The action, as proposed, may result in significant adverse impacts on historic and cultural resources in the affected area.
7. The action, as proposed, may result in significant adverse impacts on urban design and visual resources in the vicinity of the affected area.
8. The action, as proposed, may result in significant adverse impacts on natural resources in the vicinity of the affected area.
9. The action, as proposed, may result in significant adverse impacts related to hazardous materials in the vicinity of the affected area.
10. The action, as proposed, may result in significant adverse impacts on water and sewer infrastructure in the vicinity of the affected area.
11. The action, as proposed, may result in significant adverse impacts on solid waste and sanitation services.
12. The action, as proposed, may result in significant adverse impacts on energy.
13. The action, as proposed, may result in significant adverse impacts to transportation in the vicinity of the affected area.
14. The action, as proposed, may result in significant adverse impacts to air quality in the vicinity of the affected area.
15. The action, as proposed, may result in significant adverse impacts to greenhouse gases in the vicinity of the affected area.
16. The action, as proposed, may result in significant adverse

noise impacts in the vicinity of the affected area.

17. The action, as proposed, may result in significant adverse impacts related public health.
18. The action, as proposed, may result in significant adverse impacts on neighborhood character in the vicinity of the affected area.
19. The action, as proposed, may result in significant adverse construction-related impacts.

Supporting Statement:

The above determination is based on an Environmental Assessment Statement prepared for the actions which finds that:

1. Land Use, Zoning and Public Policy - The Proposed Action includes a series of zoning text amendments with citywide applicability. The Proposed Action could result in additional floor area, increased number of residential units, and taller buildings citywide than the current zoning permits.
2. Socioeconomic Conditions - The Proposed Action could result in an increased number of residential units citywide, and therefore would have the potential to create socioeconomic changes.
3. Community Facilities - The Proposed Action would not result in the direct displacement of any existing community facilities or services. However, the Proposed Action could result in an increased number of residential units citywide and, therefore would have the potential to result in indirect effects on public schools, libraries, and child care.
4. Open Space - The Proposed Action could have a direct effect on open space resources by shadow casting; and may also have indirect effects due to an increased demand for use of publicly accessible spaces by the additional number of residential units that would be created by the Proposed Action.
5. Shadows - The Proposed Action would allow greater building heights in the affected areas citywide. Shadows cast by the new buildings that could be developed as the result could affect publicly accessible open spaces and sunlight-sensitive architectural resources.
6. Historic and Cultural Resources - The Proposed Action may affect designated historic landmarks and/or buildings that may be eligible for designation. In addition, the Proposed Action may result in additional in-ground disturbance; and therefore has the potential to affect archaeological resources that may be present.
7. Urban Design and Visual Resources - The Proposed Action and subsequent potential development would result in physical changes beyond the bulk and form currently permitted as-of-right; therefore, these changes could affect a pedestrian's experience of public space and may alter the urban design character and visual resources.
8. Natural Resources - The Proposed Action could result in additional development that may be located within the Jamaica Bay Watershed, and therefore would have the potential to affect natural resources.
9. Hazardous Materials - The Proposed Action could result in additional in-ground disturbance which has the potential to result in hazardous materials impacts.
10. Water and Sewer Infrastructure - Because it could result in an increase in the number of residential units, the Proposed Action could also result in additional demand on infrastructure, including water supply and storm water management.
11. Solid Waste and Sanitation - Because it could result in an increase in the number of residential units, the Proposed Action could also increase the demands on solid waste and sanitation transport and disposal services.
12. Energy - Although it could result in an increase in the number of residential units, the Proposed Action would not affect the transmission or generation of energy. The Proposed Action could, however, result in increased amount of energy consumption.
13. Transportation - The Proposed Action has the potential to affect traffic, parking, ridership on mass transit facilities and pedestrian movements due to the increased number of residential units.
14. Air Quality - The Proposed Action would result in increased number of residential units and taller buildings, which may affect air quality.

15. Greenhouse Gas Emissions (GHG) – The Proposed Action would result in additional development that could increase the amount of greenhouse gas emissions citywide, and therefore it may affect the City's GHG reduction goal.
16. Noise – The Proposed Action could introduce new sensitive receptors (residential units) in the vicinity of heavily trafficked roadways.
17. Public Health – A public health assessment may be warranted if unmitigated significant adverse impacts are identified for air quality, water quality, hazardous materials, or noise.
18. Neighborhood Character – The Proposed Action has the potential to alter certain constituent elements of neighborhood character, including land use, zoning and public policy; socioeconomic conditions; open space; historic and cultural resources; urban design and visual resources, shadows; transportation; and noise.
19. The Draft Environmental Impact Statement (DEIS) to be prepared for the Proposed Actions will identify and describe any other potential effects on the environment.

Public Scoping:

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Wednesday, March 25th, 2015, at 4:00 P.M. and will be held at Spector Hall, 22 Reade Street, New York, NY, 10007. Written comments will be accepted by the lead agency until 5:00 P.M. on Monday, April 6, 2015.

This determination has been prepared in accordance with Article 8 of the Environmental Conservation Law.

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

DESIGN AND CONSTRUCTION

■ NOTICE

**Determination and Findings by
The City of New York Pursuant to Section 204 of
The New York State Eminent Domain Procedure Law**

Whereas, the New York City Department of Design and Construction (“DDC”), on behalf of the New York City Department of Transportation (“DOT”) and the City of New York (“City”), has proposed the acquisition of certain street properties along Victory Boulevard from Seneca Avenue to Grand Avenue (Capital Project: HWR005-04) in the borough of Staten Island; and

Whereas, the New York State Eminent Domain Procedure Law (“EDPL”) sets forth uniform procedures for condemnations by municipalities throughout the State of New York, which also governs over this acquisition; and

Whereas, pursuant to the EDPL, the City is required to hold a public hearing to determine whether the public would be better served by the proposed acquisition of the above-mentioned properties and the impact of such an acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City held a public hearing pursuant to EDPL Section 204 in relation to this acquisition on December 17, 2014 in the borough of Staten Island. **Having given due consideration to the complete hearing record, which includes, among other things, all documents submitted and all public comments, the City makes the following determination and findings concerning the above and below described acquisitions and project:**

1. The public use and benefit of this project is for the reconstruction of roadways, including the sidewalks and curbs in the borough of Staten Island (the “Project”).
2. The properties to be acquired are shown on the City’s Tax Map for the borough of Staten Island and include the following properties:
 - Block 247, part of Lots 30, 38;
 - Block 328, part of Lot 60;
 - Block 604, part of Lots 26, 29, 30, 32, 34;
 - Block 651, part of Lots 1, 9, 10, 12; and
 - Beds of Victory Boulevard from Seneca Avenue to Grand Avenue

The proposed acquisition shall consist of the following locations in the Borough of Staten Island:

Victory Boulevard from Seneca Avenue to Grand Avenue.

The City selected these locations based on a need for the reconstruction of roadways, including the sidewalks and curbs:

1. The general effect on the neighborhood will be to improve current living conditions. The proposed Project involves the reconstruction of roadways, including the sidewalk and curbs. This Project will have no significant adverse effect on the environment. The proposed property acquisition locations were included in an Environmental Assessment Statement, also known as an “EAS,” completed on May 30, 2013 by the NYCDOT. Based on the recommendations contained in the EAS, necessary mitigation measures will be included in the design for this and other projects in the area covered by the aforementioned document.
2. Comments and concerns raised by the property owners at the public hearing and through subsequent written submissions are currently being reviewed by the City. Issues and concerns raised by the property owners include: the overall efficacy of the proposed project with regards to improvements to the community, specifically effects to existing traffic patterns and congestion. The City will work with all public and private parties involved in the project to minimize the impact of construction activities on the street, residents and environment. The City has also reviewed all potential alternate locations and has determined that no other sites are feasible for the Project. The City continues to review its plans and will make modifications addressing any issues whenever possible. DDC will also work with DOT, other agencies and the community in order to review and address Project-related concerns.

DETERMINATION :

Based upon due consideration of the record and the foregoing findings, it is determined that the City of New York should exercise its power of eminent domain to acquire the above-described properties in order to promote and permit the purposes of the Project to be achieved.

NOTICE :

Pursuant to EDPL Section 207, property owners have thirty (30) days from completion of the publication of this “Determination and Findings” to seek judicial review of this determination. Expected dates of publication are January 21 to January 23, 2015.

The exclusive venue for the judicial review of this determination pursuant to EDPL Sections 207 and 208 is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

A copy of this Determination and Findings by the City is available without cost upon written request to:

Goods and Services

ADVERTISING OPPORTUNITIES AT THE ST. GEORGE FERRY TERMINAL AND STATEN ISLAND FERRYBOATS - Request for Proposals - PIN# 3238-0 - Due 3-16-15 at 4:00 P.M.

The selected proposer shall be responsible for advertising services of developing an advertising marketing plan; designing, constructing, installing and maintaining the advertising infrastructure; promoting, soliciting, negotiating and procuring contracts for advertising users; and processing and collecting advertising sales revenues pertaining to the Ferry Terminal Advertising Areas.

NYCEDC plans to select a proposal on the basis of criteria stated in the Request for Proposals (RFP) which include, but are not limited to: fee proposal for revenue for NYCEDC, marketing strategy and approach to advertising sales revenues, understanding of complexity of Staten Island Ferry Terminal advertising services, and the overall experience of proposer and overall quality of proposal.

Companies who have been certified with the New York City Small Business Services as Minority and Women owned Business Enterprises ("M/WBE") are strongly encouraged to apply. To find out more about M/WBE certification, please call 311 or go to www.nyc.gov/getcertified. NYCEDC established the Kick State Loan programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE) interested in working on NYCEDC construction projects. Kick Start Loans facilitates financing for short-term mobilization needs such as insurance, labor, supplies, and equipment. Respondents/subcontractors are strongly encouraged to visit the NYCEDC website at www.nycfedc.com/opportunitymwbe to learn more about the program.

An optional site visit will be held on Friday, February 27, 2015, 11:00 A.M. at St George Ferry Terminal. The meeting place in the terminal will be in front of the exit doors near the River Dock Café. Those who wish to attend should RSVP by email to StGeorgeadvertising@edc.nyc on or before February 26, 2015.

Respondents may submit questions and/or request clarifications from NYCEDC no later than 5:00 P.M. on Monday, March 2, 2015 to www.nycfedc.com/RFP. Questions regarding the subject matter of this RFP should be directed to StGeorgeadvertising@edc.nyc. Answers to all questions will be posted by March 9, 2015 to www.nycfedc.com/RFP. Please submit five (5) sets of your proposal.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

SUNNYSIDE YARDS FEASIBILITY STUDY, CONSULTANT SERVICES - Request for Proposals - PIN# 5980-0 - Due 3-20-15 at 4:00 P.M.

New York City Economic Development Corporation (NYCEDC) is seeking a consultant or consultant team to study the engineering and financial feasibility of developing atop Sunnyside Yards in Queens. The purpose of this Feasibility Study is to provide guidance as to the viability of an overbuild project at Sunnyside Yards, and to provide recommendations for the implementation of such a project. The Project is envisioned as a comprehensive and detailed assessment that considers all of the relevant aspects needed to establish the feasibility of developing any potential program at Sunnyside Yards, including technical, environmental, and financial analyses.

To make that determination, the Consultant shall holistically evaluate specific factors such as the technical/physical configuration and requirements of proposed deck structures over the rail yards, infrastructure/utility requirements, costs, local impacts, environmental issues, and implementation strategies. The Consultant shall provide and/or procure certain planning, engineering, cost estimating, public outreach, and preliminary design services related to the Project.

NYCEDC plans to select a consultant on the basis of factors stated in the RFP which include, but are not limited to: the quality of the proposal, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit a M/WBE Subcontractor Participation Form with their response. To learn more about NYCEDC's M/WBE program, visit <http://www.nycfedc.com/opportunitymwbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the www.nyc.gov/buycertified.

An optional informational session will be held on Tuesday, March 3, 2015 at 2:00 P.M. at NYCEDC. Those who wish to attend should RSVP by email to SunnysideYardsFeasibilityRFP@edc.nyc on or before March 2, 2015.

Respondents may submit questions and/or request clarifications from NYCEDC no later than 5:00 P.M. on Friday, March 6, 2015. Questions regarding the subject matter of this RFP should be directed to SunnysideYardsFeasibilityRFP@edc.nyc. Answers to all questions will be posted by Thursday, March 12, 2015, to www.nycfedc.com/RFP. Please submit six (6) sets of your proposal.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
