- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)

- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)

PARKING METER RETROFIT FOR LICENSE PLATE RECOGNITION - Sole Source - Available only from a single source - PIN#84119MBTR312 - Due 4-22-19 at 2:00 P.M.

The New York City Department of Transportation (NYCDOT), intends to enter into a sole source agreement with Parkeon, Inc., for the provision of license plate input upgrade components and support, for the current 14,500 NYC Parkeon Strada installed multi-space meters.

This agreement with Parkeon, Inc., will provide the equipment, communications (airtime and otherwise) from the meters to process live credit card transactions, alarms, reporting, statistics and analytics, as well as rate programming, software services and related upgrades, and genuine spare replacement parts. It is a fully managed solution for DOT, a networked system that communicates with Parkeon, Inc.'s proprietary back infrastructure using Parkeon, Inc.'s encrypted proprietary software.

On August 2, 2018 the Agency Chief Contracting Officer's office determined, in accordance with Section 3-05(b) of the Procurement Policy Board Rules, that Parkeon, Inc., is the only vendor that can provide a product that meets the operational needs of NYCDOT's parking meter program, would offer the necessary support for the current system without critical disruption to meter operations, and would not require replacement of the entire meter.

Vendors may express interest in providing this service by contacting David Maco, New York City Department of Transportation, Agency Chief Contracting Officer's Office, 55 Water Street, 8th Floor, New York, NY 10041, no later than April 22, 2019, by 2:00 P.M.
