These general goals include, among others, the following purposes:

- (a) to facilitate the development and alteration of buildings in flood zones consistent with the latest flood-resistant construction standards of the Federal government and the New York City Building Code;

- (c) to mitigate the effects of elevated and flood-proofed buildings on the streetscape and pedestrian activity; and
- (d) to expedite the recovery of neighborhoods that experienced a high concentration of damage to #single-# and #two-family residences# from Hurricane Sandy within the Neighborhood Recovery Areas specified in Appendix A of this Chapter; and
- (e) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

**64-12
Applicability**

The provisions of this Chapter shall apply only within the #flood zone#, as follows:

- (c) Where a #zoning lot# is located partially within a #flood zone#, the regulations of this Chapter shall apply where any portion of a #building# on such #zoning lot# is within such #flood zone#.
- (d) In Neighborhood Recovery Areas, shown on maps in Section 64-A80 (NEIGHBORHOOD RECOVERY AREA MAPS) of this Chapter, optional provisions to expedite the vertical elevation or reconstruction of #single-# or #two-family residences# shall apply. * * *

**64-431
For existing single- and two-family residences**

#Single-# and #two-family residences# existing on October 28, 2012, may be vertically elevated, or reconstructed to a higher elevation, in order to raise the lowest floor level containing habitable space, located at or above the adjoining grade as of October 28, 2012, to #flood-resistant construction elevation#, and in so doing may create a #non-compliance# as to height and setback to the extent that such lowest floor level is elevated or reconstructed to #flood-resistant construction elevation#.

Where the elevation requirements of Appendix G of the New York City Building Code apply to the lowest horizontal structural member, #single-# and #two-family residences# existing on October 28, 2012, may be vertically elevated, or reconstructed to a higher elevation, in order to raise the lowest horizontal structural member supporting the lowest floor containing habitable space, located at or above the adjoining grade as of October 28, 2012, to #flood-resistant construction elevation#, and in so doing may create a #non-compliance# as to height and setback to the extent that such lowest horizontal structural member is elevated or reconstructed to #flood-resistant construction elevation#.

Where the elevation requirements of Appendix G of the New York City Building Code apply to the lowest horizontal structural member, the provisions of Article V, Chapter 4, shall be modified to permit #single-# and #two-family residences# that are #non-complying# and existing on October 28, 2012, to be vertically elevated, or reconstructed to a higher elevation, in order to raise the lowest horizontal structural member supporting the lowest floor containing habitable space that was located at or above the adjoining grade as of October 28, 2012, to #flood-resistant construction elevation#.

Such vertical elevation or reconstruction may create a new #non-compliance# as to height and setback, or increase any existing #non-compliances# as to height and setback, required #open space# and #yard# regulations to the extent that such lowest floor level is elevated or reconstructed to #flood-resistant construction elevation#. However, all other provisions of Article V, Chapter 4, shall apply without modification.

**64-A00
GENERAL PROVISIONS**

The provisions of this Resolution shall apply as modified by this Chapter and by the special regulations set forth in this Appendix A. The provisions of this Appendix are optional, but when utilized, shall be applied in their entirety. This Appendix shall be in effect until five years from effective date of text amendment, at which time it shall automatically expire.

64-A01
Applicability of Special Regulations for Neighborhood Recovery
The provisions of this Appendix shall only be applicable to #buildings# containing #residential use# whose vertical elevation or reconstruction will result in a #single-# or #two-family residence# that complies with #flood-resistant construction standards#, where such #building# is located in a Neighborhood Recovery Area (Section 64-A80), inclusive.

64-A02
Special Requirements for Application
Prior to the approval of any application to the Department of Buildings pursuant to this Appendix, an applicant shall submit the following documents in order to establish that there was a #building# on the subject lot that contained a #residential use# on October 28, 2012:

- (a) an aerial photograph taken up to one year prior to October 28, 2012 establishing that a #building# existed on the subject lot on October 28, 2012; and
- (b) a 2012 tax bill or assessment roll for the subject lot stating that such #building# contained a #residential use#.

Where the documents specified in this Section are unavailable or inconclusive, the Department of Buildings may accept alternative documentation to satisfy the requirements of paragraphs (a) or (b).

64-A03
Zoning Lots in Neighborhood Recovery Areas
The definition of #zoning lot# set forth in Section 12-10 (DEFINITIONS) shall apply in this Appendix. However, as an option, where a tax lot contained one or more #buildings# on October 28, 2012, or where a #building# or #buildings# occupied more than one tax lot on October 28, 2012, such tax lot may be provisionally considered a #zoning lot# for the sole purpose of demonstrating compliance with the #bulk# requirements of this Resolution, and shall be referred to as a #zoning lot# in this Appendix, provided that the proposed application will not affect compliance with any applicable provisions of the New York City Building Code or Fire Code with respect to access to the same or other #zoning lots# on the same #block#, unless a waiver or modification is obtained from the Department of Buildings or the Fire Department, respectively.

64-A10
SPECIAL REGULATIONS FOR ESTABLISHING NON-CONFORMANCE AND NON-COMPLIANCE

64-A11
Special Regulations for Establishing Non-conformance of Residences
In all #districts#, for a #zoning lot# that contained two or more #dwelling units# on October 28, 2012 which does not have lawful documentation indicating that more than one #dwelling unit# existed on the #zoning lot# on such date, the Board of Standards and Appeals may permit the vertical elevation or reconstruction of #buildings# containing such #dwelling units# and may establish #non-conformance# of such #buildings#, pursuant to Section 64-A71 (Special Permit for Establishing Non-conformance).

64-A12
Special Regulations for Establishing Non-compliance of Existing Buildings
In all districts, a #building# containing #residences#, and any other structure that is attached to such #building#, including porches, stairs, terraces or balconies, that existed both on October 28, 2012, and on the date of application for a building permit, may be considered #non-complying# for the purpose of utilizing the applicable provisions of Article V, Chapter 4 and Article VI, Chapter 4 of this Resolution relating to #non-complying buildings or other structures# provided that:

- (a) a survey, prepared by a licensed land surveyor, specifying the location and height of such #building# and any other structures that are attached to such #building#, is submitted as documentation of such #non-compliance#; and
- (b) such #building# shall either be vertically elevated in compliance with the #bulk# provisions of Section 64-A20 (SPECIAL BULK REGULATIONS FOR THE VERTICAL ELEVATION OF EXISTING BUILDINGS), or be reconstructed in compliance with the #bulk# provisions of Section 64-A30 (SPECIAL BULK REGULATIONS FOR THE RECONSTRUCTION OF BUILDINGS EXISTING ON OCTOBER 28, 2012).

Upon completion and sign-off of work completed pursuant to the provisions of this Appendix, the #building# shall be considered #non-complying#.

64-A20
SPECIAL BULK REGULATIONS FOR THE VERTICAL

ELEVATION OF EXISTING BUILDINGS
The provisions of this Section shall apply to the vertical elevation of #buildings# containing #residences# that existed on October 28, 2012. Except as specifically modified by the provisions of this Section, inclusive, the applicable #bulk# regulations of this Chapter, the regulations of Article V of this Resolution, and the applicable zoning district shall remain in effect.

No #building# that is vertically elevated pursuant to this Section shall subsequently be #enlarged# pursuant to paragraph (b) of Section 54-313 (Single- or two-family residences with non-complying front yards or side yards) or Section 73-622 (Enlargements of single- and two-family detached and semi-detached residences).

64-A21
Special Regulations for Rebuilt Portions of Vertically Elevated Buildings

A portion of a #building# that is being vertically elevated pursuant to this Appendix may be rebuilt, provided that:

- (a) such rebuilt portion does not exceed 75 percent of the existing #floor area# of such #building#; and
- (b) except as specifically allowed by this Chapter, no new #non-compliance# shall be created, nor shall the degree of any existing #non-compliance# be increased, beyond that established pursuant to Section 64-A10 (SPECIAL REGULATIONS FOR ESTABLISHING NON-CONFORMANCE AND NON-COMPLIANCE).

If the rebuilt portion of a #building# exceeds 75 percent of the existing #floor area# of the #building#, such #building# shall be subject to the regulations of 64-A30 (SPECIAL BULK REGULATIONS FOR THE RECONSTRUCTION OF BUILDINGS EXISTING ON OCTOBER 28, 2012).

64-A22
Special Regulations for Space Partially Below Grade

For a #building# where the lowest floor containing habitable space is partially below adjoining grade, and at least one-half of the floor-to-ceiling height of such floor is above adjoining grade, such #building# may be vertically elevated in order to raise the lowest floor containing habitable space to the #flood-resistant construction elevation#, provided that:

- (a) the elevated #building# does not exceed two #stories#, except that attic space providing structural headroom of less than eight feet shall not be considered a #story# for the purposes of this Section; and
- (b) the height of such elevated #building#, including the apex of a pitched roof, does not exceed 25 feet, as measured from the #flood-resistant construction elevation#.

Any floor space that becomes #floor area# in excess of the maximum permitted #floor area ratio# for such #zoning lot#, as a result of the vertical elevation, shall be considered #non-complying floor area#. Such vertical elevation may increase any existing #non-compliances# with respect to required #open space# and #yard# regulations to the extent that such #non-compliance# results from the elevation of the lowest floor to the #flood-resistant construction elevation#. All other provisions of Article V, Chapter 4 (Non-complying Buildings), shall apply without modification.

The level of the adjoining grade shall be the average elevation of the grade adjoining the building, before it is elevated, determined in the manner prescribed by the Building Code of the City of New York for adjoining grade elevation.

64-A23
Special Regulations for Existing Buildings Located Over Water

For a #building# that will be vertically elevated and is located either partially or entirely seaward of the #shoreline#, such #building# may be relocated landward of the #shoreline# on the same #zoning lot#. Such relocation may create a new #non-compliance# or increase the degree of any existing #non-compliance# as to #side yards#, waterfront yards, #rear yards# or #rear yard equivalents#, provided that:

- (a) an open area of at least three feet shall be maintained between the exterior wall of the #building# and any #lot line#; and
- (b) except as specifically allowed by this Chapter, no new #non-compliance# shall be created, nor shall the degree of any existing #non-compliance# be increased, beyond that established pursuant to Section 64-A12 (Special Regulations for Establishing Non-compliance of Existing Buildings).

Permitted Obstructions in Required Open Space, Yards and Courts

The provisions of Sections 23-12 (Permitted Obstructions in Open Space), 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) and 64-421 (Permitted obstructions) shall be modified such that:

(a) mechanical equipment, including but not limited to #accessory# heating and cooling equipment, fuel oil tanks and emergency generators, shall be permitted obstructions in #open space# required on the #zoning lot#, in any #side yard#, #rear yard# or #rear yard equivalent# and in #courts#, provided such equipment:

- (1) is located at least three feet from any #lot line#;
- (2) is screened on all sides by walls consisting of at least 50 percent opaque materials; and
- (3) is in compliance with the standards of either of the following provisions:
 - (i) all structure and screening are located no more than ten feet from the wall of a #building# and limited to a height of no more than 12 feet above #flood-resistant construction elevation#; or
 - (ii) is located on the roof of a #building or other structure#, provided that the height of such equipment and screening does not exceed six feet, as measured from the finished level of a flat roof, or for a sloping roof as measured from the midpoint of such roof. Such equipment shall be located not less than 15 feet from any #street wall# of a #building or other structure#.

(b) visual mitigation elements, provided pursuant to Section 64-A50 (SPECIAL DESIGN REQUIREMENTS) shall be permitted obstructions in any #open space# required on the #zoning lot#, in any #yard# and in #courts#.

64-A30

Except as specifically modified by the provisions of this Section, inclusive, the #bulk# regulations of this Chapter and the applicable zoning district shall remain in effect. #Buildings# reconstructed pursuant to this Section shall not be considered #developments# or #enlargements#.

No #building# that is reconstructed pursuant to this Section shall subsequently be #enlarged# pursuant to paragraph (b) of Section 54-313 (Single- or two-family residences with non-complying front yards or side yards) or Section 73-622 (Enlargements of single- and two-family detached and semi-detached residences).

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

REQUEST FOR INFORMATION - SUPPLYING NEW YORK CITY WITH RENEWABLE POWER - Request for Information - PIN#85616RFI001 - Due 9-10-15 at 5:00 P.M.

New York City has pledged to reduce overall greenhouse gas emissions 80 percent by 2050 (80x50), and emissions from city government operations 35 percent by 2025 (35x25).

City government currently spends between \$600 million and \$650 million per year on its electricity, and could potentially use its purchasing power to catalyze the development of new sources of renewable power, reduce greenhouse gas emissions, and chart a path to receive 100 percent of electricity from renewable sources of energy.

To understand the available options, the City is issuing a Request for Information ("RFI") seeking responses from all entities involved in and supporting the renewable energy sector. This RFI is designed to identify new generation capacity rather than existing sources of renewable energy.

The RFI document may be downloaded online at www.nyc.gov/cityrecord.

The City will conduct an informational session via the Internet to address its renewable energy goals and how it expects to meet those goals at 11:00 A.M. E.S.T. on July 30, 2015. Further information on the informational session will be provided to the prospective respondents and the public in the City Record newspaper and via the City Record Online at www.nyc.gov/cityrecord.

All responses shall be submitted electronically to the RFI Contact identified below by 5:00 P.M. E.S.T. on September 10, 2015. In addition, two original paper copies shall be submitted to the RFI Contact no later than September 15, 2015.

COMPTROLLER

NOTICE

LABOR LAW §220 PREVAILING WAGE SCHEDULE

Workers, Laborers and Mechanics employed on a public work project must receive not less than the prevailing rate of wage and benefits for the classification of work performed by each upon such public work. Pursuant to Labor Law §220 the Comptroller of the City of New York has promulgated this schedule solely for Workers, Laborers and Mechanics engaged by private contractors on New York City public work contracts.

This schedule is a compilation of separate determinations of the prevailing rate of wage and supplements made by the Comptroller for each trade classification listed herein pursuant to New York State Labor Law Section 220 (5). The source of the wage and supplement rates, whether a collective bargaining agreement, survey data or other, is listed at the end of each classification.

Agency Chief Contracting Officers should contact the Bureau of Labor Law's Classification Unit with any questions concerning trade classifications, prevailing rates or prevailing practices with respect to procurement on New York City public works contracts. Contractors are advised to review the Comptroller's Prevailing Wage Schedule before bidding on public works contracts. Contractors with questions concerning trade classifications, prevailing rates or prevailing practices with respect to public works contracts in the procurement stage must contact the contracting agency responsible for the procurement.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication, will not preclude a finding against the contractor of prevailing wage violation.

Any questions concerning trade classifications, prevailing rates or prevailing practices on New York City public works contracts that have already been awarded may be directed to the Bureau of Labor Law's Classification Unit by calling (212) 669-7974. All callers must have the agency name and contract registration number available when calling with questions on public works contracts. Please direct all other compliance issues to: Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 669-4002.

The appropriate schedule of prevailing wages and benefits must be posted at all public work sites pursuant to Labor Law §220 (3-a) (a).

This schedule is applicable to work performed during the effective period, unless otherwise noted. Changes to this schedule are published on our web site www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the worker, laborer, mechanic performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on our web site www.comptroller.nyc.gov.

The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such practices are nevertheless part of the employer's prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4443, Monday through Friday between the hours of 9:00 A.M. and 5:00 P.M.

Prevailing rates and ratios for apprentices are attached to this schedule in the Appendix. Pursuant to Labor Law §220 (3-e), only apprentices who are individually registered in a bona fide program to which the employer contractor is a participant, registered with the New York State Department of Labor, may be employed on a public work project. Workers who are not journey persons or not registered apprentices pursuant to Labor Law §220 (3-e) may not be substituted for apprentices and must be paid as journey persons.

Public Work construction, reconstruction, demolition, excavation, rehabilitation, repair, renovation, alteration, or improvement contracts

awarded pursuant to a Project Labor Agreement ("PLA") in accordance with Labor Law Section 222 may have different labor standards for shift, premium and overtime work. Please refer to the PLA's pre-negotiated labor agreements for wage and benefit rates applicable to work performed outside of the regular workday. More information is available at the Mayor's Office of Contract Services (MOCS) web page at <http://www.nyc.gov/html/mocs/html/vendors/pla.shtml>.

All the provisions of Labor Law Section 220 remain applicable to PLA work including, but not limited to, the enforcement of prevailing wage requirements by the Comptroller; however, we will enforce shift, premium, overtime and other non-standard rates as they appear in a project's pre-negotiated labor agreement.

In order to meet their obligation to provide prevailing supplemental benefits to each covered employee, employers must either:

- 1) Provide bona-fide benefits which cost the employer no less than the prevailing supplemental benefits rate; or
- 2) Supplement the employee's hourly wage by an amount no less than the prevailing supplemental benefits rate; or
- 3) Provide a combination of bona-fide benefits and wage supplements which cost the employer no less than the prevailing supplemental benefits rate in total.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is for each hour worked, some classifications require the payment or provision of supplemental benefits for each hour paid. Consequently, some prevailing practices require benefits to be purchased at the overtime, shift differential, Holiday, Saturday, Sunday or other premium time rate.

Benefits are paid for ***EACH HOUR WORKED*** unless otherwise noted.

Director of Classifications

LABOR LAW §230 AND NYC ADMINISTRATIVE CODE §6-130 BUILDING SERVICE EMPLOYEES

PREVAILING WAGE FOR BUILDING SERVICE EMPLOYEES ON NYC CONTRACTS PURSUANT TO LABOR LAW §230 ET SEQ.

Building service employees on public contracts must receive not less than the prevailing rate of wage and supplements for the classification of work performed. In accordance with Labor Law §230 et seq. the Comptroller of the City of New York has promulgated this schedule of prevailing wages and supplemental benefits for building service employees engaged on New York City public building service contracts in excess of \$1,500.00. Prevailing rates are required to be annexed to and form part of the contract pursuant to §231 (4).

This schedule is a compilation of separate determinations of the prevailing rate of wage and supplements made by the Comptroller for each trade classification listed herein pursuant to New York State Labor Law Section 234 (1). The source of the wage and supplement rates, whether a collective bargaining agreement, survey data or other, is listed at the end of each classification.

Agency Chief Contracting Officers should contact the Bureau of Labor Law's Classification Unit with any questions concerning trade classifications, prevailing rates or prevailing practices with respect to procurement on New York City building services contracts. Contractors are advised to review the Comptroller's Prevailing Wage Schedule before bidding on building services contracts. Contractors with questions concerning trade classifications, prevailing rates or prevailing practices with respect to building services contracts in the procurement stage must contact the contracting agency responsible for the procurement.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication, will not preclude a finding against the contractor of prevailing wage violation.

Any questions concerning trade classifications, prevailing rates or prevailing practices on New York City building services contracts that have already been awarded may be directed to the Bureau of Labor Law's Classification Unit by calling (212) 669-7974. All callers must have the agency name and contract registration number available when calling with questions on building services contracts. Please direct all other compliance issues to: Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 669-4002.

PREVAILING WAGE FOR BUILDING SERVICE EMPLOYEES IN NEW YORK CITY LEASED OR FINANCIALLY ASSISTED FACILITIES PURSUANT TO NYC ADMINISTRATIVE CODE § 6-130

Covered landlords & covered financial assistance recipients shall ensure that all building service employees performing building service work at the premises to which a lease or financial assistance pertains are paid no less than the prevailing wage listed in the Labor Law §230 Prevailing Wage Schedule.

Covered Landlords include:

Businesses (other than not-for-profit organizations) leasing to New York City agencies commercial office space or commercial office facilities of 10,000 square feet or more where the City leases or rents

no less than 51% of the total square footage of the building to which the lease applies (no less than 80% in Staten Island or in an area not defined as an exclusion area pursuant to section 421-a of the real property tax law on the date of enactment of the local law).

Covered Financial Assistance Recipients include:

Businesses (other than not-for-profit organizations) with annual gross revenues of five million dollars or more who have received financial assistance from the City of New York (as defined in New York City Administrative Code §6-130) with a total value of one million dollars or more.

Exemptions: Business Improvement Districts and employers with manufacturing operations at the premises to which the financial assistance pertains.

The information is intended to assist you in meeting your prevailing wage obligation. You should consult New York City Administrative Code §6-130 to determine whether you are covered by this prevailing wage law. New York City Administrative Code § 6-130 requires the City to maintain an updated list of covered landlords and financial assistance recipients who are subject to the prevailing wage requirement.

LABOR LAW § 231 (6) AND NYC ADMINISTRATIVE LAW §6-130 REQUIRES CONTRACTORS TO POST ON THE SITE OF THE WORK A CURRENT COPY OF THIS SCHEDULE OF WAGES AND SUPPLEMENTS.

This schedule is applicable to work performed during the effective period, unless otherwise noted. Changes to this schedule are published on our web site www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the building service employee performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on our web site www.comptroller.nyc.gov.

Contractors are solely responsible for maintaining original payroll records delineating, among other things, the hours worked by each employee within a given classification.

Some of the rates in this schedule are based on collective bargaining agreements. The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such practices are nevertheless part of the employer's prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4443, Monday through Friday between the hours of 9:00 A.M. and 5:00 P.M.

In order to meet their obligation to provide prevailing supplemental benefits to each covered employee, employers must either:

- 1) Provide bona-fide benefits which cost the employer no less than the prevailing supplemental benefits rate; or
- 2) Supplement the employee's hourly wage by an amount no less than the prevailing supplemental benefits rate; or
- 3) Provide a combination of bona-fide benefits and wage supplements which cost the employer no less than the prevailing supplemental benefits rate in total.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is for each hour worked, some classifications require the payment or provision of supplemental benefits for each hour paid. Consequently, some prevailing practices require benefits to be purchased at the overtime, shift differential, Holiday, Saturday, Sunday or other premium time rate.

Benefits are paid for **EACH HOUR WORKED** unless otherwise noted.

NYC ADMINISTRATIVE CODE § 6-109 SCHEDULE OF "LIVING WAGES"

Contractors who provide the following services to the City of New York must post a copy of this Living Wage Schedule at their work site(s) as required by New York City Administrative Code § 6-109:

- Building Services,
- Day Care Services,
- Food Services,
- Head Start Services,
- Homecare Services,
- Services to Persons with Cerebral Palsy, and
- Temporary Services.

In accordance with NYC Administrative Code § 6-109, the Comptroller of the City of New York promulgated this schedule of living wages for the above services on contracts for non-emergency work in excess of the small purchase limit set by the Procurement Policy Board; contracting agencies must annex this schedule to such contracts.

This schedule is a compilation of separate determinations of the prevailing rate of wage and supplements made by the Comptroller for each trade classification listed herein pursuant to New York City Administrative Code section 6-109. The source of the wage and supplement rates, whether a collective bargaining agreement, survey data or other, is listed at the end of each classification.

A city service contractor or subcontractor that provides homecare services, day care services, head start services or services to persons with cerebral palsy must pay its covered employees that directly render such services in performance of the city service contract or subcontract no less than the living wage and must provide its employees health benefits (supplemental benefits) or must supplement their hourly wage rate by an amount no less than the health benefits supplement rate. This requirement applies for each hour that the employee works performing the city service contract or subcontract.

A city service contractor or subcontractor that provides building services, food services or temporary services must pay its employees that are engaged in performing the city service contract or subcontract no less than the living wage or the prevailing wage, whichever is greater. Where the living wage is greater than the prevailing wage, the city service contractor or subcontractor must either provide its employees health benefits or must supplement their hourly wage rate by an amount no less than the health benefits supplement rate. Where the prevailing wage is greater than the living wage, the city service contractor or subcontractor must provide its employees the prevailing wage and supplements. These requirements apply for each hour that the employee works performing the city service contract or subcontract.

The appropriate schedule of living wages must be posted at all work sites pursuant to NYC Administrative Code 6-109.

The schedule is applicable for work performed during the effective period, unless otherwise noted. You will be notified of any changes to this schedule by addenda published on our web site www.comptroller.nyc.gov. Schedules for future one-year periods will be published annually in the City Record on or about July 1st of each succeeding year and on our web site www.comptroller.nyc.gov.

The living wage rate and the health benefit supplement rate are known through June 30 of each year and those rates are listed in this schedule.

The living wage rates listed in this schedule may not include all hourly wage calculations for overtime, shift differential, Holiday, Saturday, Sunday or other premium time work. Similarly, this schedule does not set forth every living wage practice with which employers must comply.

Some of the rates in this schedule are based on collective bargaining agreements. These agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4443, Monday through Friday between the hours of 9:00 A.M. and 5:00 P.M.

Answers to questions concerning prevailing wage practices may be obtained from the Classification Unit by calling (212) 669-7974. Please direct all other compliance issues to; Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 1122,

New York, N.Y. 10007; Fax (212) 669-4002.

Contractors are solely responsible for maintaining original payroll records, which delineate, among other things, the hours each employee worked within a given classification. Contractors using rates and/or classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, an agency's chief contracting officer must contact the Bureau of Labor Law to obtain a wage determination for a work classification not published in this schedule.

The information listed below is intended to assist you in meeting your living wage and prevailing wage obligation. Contractors are advised to review the Comptroller's Living Wage Schedule prior to submitting a bid for City work. Any wage rate error made by the contracting agency in the contract documents will not preclude a finding against the contractor for an underpayment of the applicable living wage or the applicable prevailing wage.

This schedule sets forth the living wage and benefit rates required to be annexed to and form part of the contract specifications for work covered by New York City Administrative Code § 6-109. Contractors performing such work are required to pay not less than the rates specified in this schedule for the applicable trade or occupation.

Benefits are paid for *EACH HOUR WORKED* unless otherwise noted.
