BSA# 57-15-BZ

**IN THE MATTER OF** an application for a variance pursuant to ZR 72-21. The variance seeks to waive the side yard open space requirements of ZR 34-233 to permit the development of a three story, three family residential development in an R5/C1-3 zoning district. A variance is required as the side lot line of the Premises, which is also a

district boundary line, coincides with a side lot line of an adjacent residential building which is located entirely in an R5 zoning district. Due to this condition, pursuant to ZR 34-233 an 8' open area is required along the side lot line of the premises. No open area along the side lot line is proposed.

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

**Participating NYC Agencies**

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)

- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)

**STATEMENT OF BASIS AND PURPOSE OF RULE**

The TLC is proposing rules that would amend or add new sections to the existing rules governing the transfer of licenses for Street Hail Livery vehicles (also known as Boro Taxis or green cabs).

**Historical Background of the Existing Boro Taxi Rules**

On December 23, 2011 Governor Cuomo signed into law Chapter 602 of the Laws of 2011, and on February 17, 2012, signed into law Chapter 9 of the Laws of 2012 ("HAIL LAW"), which amended the previous statute. This legislation permits New York City to issue up to 18,000

transferable licenses to for-hire vehicles, authorizing them to pick up passengers by street hail anywhere outside Manhattan (except for the airports) and in Manhattan north of West 110th Street and north of East 96th Street.

The TLC promulgated rules that implemented the state legislation and became effective on June 2, 2012. The rules established the characteristics of the services that the new Street Hail Vehicles will provide to New York City residents. The purpose of the state legislation and the rules was to establish a new class of for-hire license which would improve access to safe, legal and convenient street hail service for New York City residents who live outside of the neighborhoods where yellow taxi service is generally available.

To date, the TLC has issued a total of 7,992 Street Hail Livery Licenses (SHL), including wheelchair accessible licenses. Since the inception of the SHL Licenses the TLC has had the opportunity to evaluate the processes and procedures relating to the licensing, issuance, enforcement and transfer of these licenses. There are two areas in which the TLC has encountered issues in administering SHL licenses: (1) Livery Passenger Enhancement Project (LPEP) providers have reported that subsequent to the legitimate transfer of an SHL license to a third party the original vehicle may remain affiliated with the license while a second vehicle is also affiliated with the SHL license; (2) there are no existing rules which codify the TLC's current practice of permitting the administrator of an estate to operate a deceased SHL license holder's license.

After a review of these areas and feedback from the stakeholders, the TLC believes that certain modifications of the rules governing the SHL licensing and transfer process are warranted to better align with licensing requirements and address problems encountered by stakeholders.

Specifically, the proposed rules:

1. Require the removal of the LPEP system and taximeter from a Vehicle affiliated with an SHL License when that SHL License has been revoked, surrendered or not renewed.
2. Require that a notification be provided to the LPEP provider at least 30 days prior to the transfer of a SHL License.
3. Require that all SHL Licensees who seek to transfer their SHL License must resolve all summonses, outstanding fines and penalties owed to the TLC.
4. Establish procedures by which an estate may temporarily operate the SHL License of a deceased owner until a qualified applicant is found to purchase the license.

The Commission's authority for this rule is found in Section 2303 of the New York City Charter and Section 19-503 of the Administrative Code of the City of New York, as well as in the Hail Law.

New material is underlined.

[Material inside brackets indicates deleted material.]

Section 1. Subdivisions (e) through (k) of Section 82-03 of Title 35 of the Rules of the City of New York are relettered subdivisions (f) through (l), subdivisions (l) through (n) are relettered subdivisions (o) through (q), and new subdivisions (e), (m) and (n) are added, to read as follows:

- (e) Legatee means a person to whom any proceeds of an estate of a deceased person are to be distributed.

- (n) A Transferor is the Owner of an interest in a Street Hail Livery License being transferred.

Section 2. Paragraph (5) of subdivision (f) of Section 82-11 of Title 35 of the Rules of the City of New York is amended to read as follows:

- (5) Upon surrender, revocation or non-renewal of a Street Hail Livery License, the last For-Hire Vehicle affiliated with the Street Hail Livery License, if owned by the Street Hail Livery licensee, must be presented to the Commission's inspection facility [for the] to confirm removal of the license decal, the LPEP system and taximeter within ten days from the date of the surrender, revocation or non-renewal of the Street Hail Livery License. NOTE : A vehicle which will continue in use with another TLC-issued license (such as a For-Hire Vehicle License) will also be inspected to make sure the [meter has] LPEP system and taximeter have been removed and the vehicle repainted.

Section 3. Paragraph (4) of subdivision (b) of section 82-44 of Title 35 of the Rules of the City of New York is renumbered paragraph (6), and new paragraphs (4) and (5) are added, to read as follows:
