Special Insert: Guide for Completing the Online Examination
This online examination consists of the following sections:
- Application, including the Notice of Examination and payment of fee
- Education level
- Employment/Work Experience
- Licenses, Certificates, and/or Registrations
- Selective Certification
- Survey

There are detailed instructions online for each of these sections, so make sure that you read these
instructions before you begin to fill out each section. In addition, the Overview and Frequently Asked
Questions (FAQs), which are accessible throughout the examination process, contain valuable
information about the online examination process and civil service procedures governing examinations.
This guide is a brief summary of some of the items found in these instructions.

1. Prior to Applying for the Examination: This examination requires all candidates to meet the
Education and Experience Requirements listed in the HOW TO QUALIFY section of this Notice of
Examination (NOE). All candidates must meet the following:

A. Education and Experience: You must have the required education described in the
HOW TO QUALIFY section of the NOE in order to qualify for this examination. If you do
not meet the education and experience requirements, you will be found NOT QUALIFIED
and your application fee will not be refunded.

You must have a Bachelor of Science degree in Nursing (BSN) from an accredited college
or university or one recognized by the New York State Education Department and a
license and current registration to practice as a Registered Professional Nurse (RPN) in
New York State in order to qualify for this examination. If you do not have a BSN and a
RPN, you will be found Not Qualified and your application fee will not be returned.

A Bachelor of Science in Nursing (BSN) is the only degree which may be used to meet the
education requirement. Degrees such as a Master’s of Science in Nursing or a Bachelor’s
of Arts in Nursing are not acceptable towards meeting the educational requirement.

B. License Requirement: You must also have the required license and current registration
described in the HOW TO QUALIFY section of the NOE in order to qualify for this
examination. If you do not meet the license and registration requirements, you will be
found NOT QUALIFIED and your application fee will not be refunded.

2. Completing the APPLICATION: You must complete the application and examination by midnight
Eastern time, of the last day of the application period. Your application is not complete until you
pay the Application Fee. If you do not complete your application, there will be no record that you
applied for the examination. Once you complete your application, you will be automatically directed
to the Online Education and Experience Test, where you may save your License and Registration,
Education and Experience, and, if applicable, Selective Certification(s).

3. Completing the Online Education and Experience Test:

A. Completing the EDUCATION LEVEL section:
   (i) For each degree and/or diploma you select, you must fill out the information requested.
   (ii) If you were educated in a foreign country, your examination will be tentatively scored
       based on the education level you claim. You must arrange for a foreign education
       evaluation to be sent directly to DCAS by a DCAS-approved foreign education evaluation
       service no later than eight weeks from June 30, 2019. An acceptable foreign education
evaluation must include your full social security number printed on it by the evaluation
service. If your foreign education evaluation differs from what you claimed, or if DCAS
does not receive an acceptable foreign education evaluation directly from a DCAS-
approved evaluation service, DCAS will re-score your examination and may mark you
NOT QUALIFIED.

B. Completing the EMPLOYMENT/WORK EXPERIENCE section: For each job you list you
must fill out in detail all of the information requested. A maximum of one month of full-time
experience will be credited for each month you worked. Part-time experience will be pro-
rated according to the following ranges:
   35 hours per week or more = 100%
   34 hours per week or less will be pro-rated as a percentage of a 35 hour work week.
   For each job, you must select the tasks you performed from the tasks listed in the
   drop-down menu.
C. Completing the Licenses, Certificates, and/or Registrations section: Fill out the information requested. Additional credit is granted only for experience acquired after having received a Registered Professional Nurse (RPN) license.

(I) Candidates who have a New York State Registered Professional Nurse License only: Select A license and current registration to practice as a Registered Professional Nurse in New York State from the drop-down menu. On the line labeled Original Date of Issue you must enter the date your RPN license was originally issued, not the date you renewed your registration. Only experience gained after the original date of issue of your license will receive credit. Since the date of issue of your license predates the renewal date of your registration, you would be potentially lowering your score if you entered the renewal date of your registration rather than the original date of your license.

(II) Candidates who have a Registered Professional Nurse license from another state: If you previously obtained a Registered Professional Nurse license from another state and this license was considered by the New York State Board for Nursing to be acceptable for issuing a New York State license, select A license and current registration to practice as a Registered Professional Nurse in New York State from the drop-down menu. On the line labeled Original Date of Issue you must enter the date you received the out-of-state license. Enter New York State license or registration number and expiration date in the appropriate boxes. After you have saved this information, you should select Other from the drop-down menu and enter the information concerning your out-of-state RPN license.

D. Completing the SELECTIVE CERTIFICATION section: This section is optional and will not affect your score.
