REQUIRED INFORMATION:
Application for Examination: Follow the online instructions, including those relating to the payment of fee and, if applicable, those found in the Special Circumstances Guide.

THE TEST:
The multiple-choice test will be given at a computer terminal. You must achieve a score of at least 70% to pass this test. Your score on this test will determine 85% of your final score. Your seniority will determine the remaining 15%. You must pass the multiple-choice test to have your seniority credited. See the “Seniority” section below for seniority computation.

The multiple-choice test is designed to assess the extent to which candidates have certain abilities and technical knowledge determined to be important to the performance of the tasks of an Associate Sanitation Enforcement Agent (ASEA). Task areas to be tested are as follows: completion and review of logs, forms, reports, correspondence, etc.; supervision and training of subordinates; enforcement of health, administrative and related codes; equipment and vehicle operation, control and maintenance; and coordination/liaison activities.

The test may include questions which require working knowledge or better (without Reference Material) of the following non-exclusive list of sources in effect up to and including December 2019; and contained in the NYC Department of Sanitation Digest of Codes; Sanitation Enforcement Agents Patrol Guide (Class of 2017); Criminal History; Federal and Local Guidance; Torts; Criminal Law; Environmental Protection Act; the Uniform Commercial Code; Public Safety and Regulations of the City and Department; Officers and Members of the Board; Uniform Fire Code; and in the case of a Enforcement Agent, the Uniform Fire Code and in the case of a Sanitation Enforcement Agent, the Uniform Fire Code and the Sanitation Enforcement Agents Patrol Guide (Class of 2017).
The test may also include questions requiring the use of any of the following abilities:

**Judgment & Decision-Making:** Reviewing information to develop and evaluate the relative costs and benefits of potential solutions to problems and choosing the most appropriate one; implementing a course of action determined by thinking analytically. While similar to Planning & Organizing, Judgment and Decision-Making are typically applied over a shorter time frame. Example: An ASEA may need to determine the best course of action to take in order to assist a Sanitation Enforcement Agent (SEA) working in the field.

**Planning & Organizing:** Establishing a method of execution to accomplish a specific goal over an extended period of time; determining appropriate assignments and allocation of resources. Example: An ASEA may need to keep track of weekly assignments and implement new initiatives within a unit in a designated period of time.

**Management of Material Resources:** Obtaining and seeing to the appropriate use of equipment, facilities and materials needed to do certain work; managing the things needed for work to be accomplished. Example: An ASEA may need to maintain and keep a daily inventory of garbage equipment required to carry out the work of the unit.

**Written Comprehension:** Understanding the information and ideas presented in written sentences and paragraphs in work-related documents. Example: An ASEA may need to read, interpret, and relay policy initiatives down the chain of command daily to their units.

**Written Expression:** Appropriately communicating information and ideas in written words and sentences so intended audience will understand. Example: An ASEA may need to clearly summarize and give written reports on issues pertaining to the sanitation enforcement unit tasks and incidents.

**Conflict Resolution:** Negotiating with others to resolve grievances or conflicts and handle complaints by developing a constructive solution. Example: An ASEA may need to mediate interpersonal conflicts between members of the public and enforcement agents or those pertaining to personnel administration.

**Monitoring:** Monitoring/assessing performance of oneself, other individuals or organizations to make improvements or take corrective action; overseeing the quality of performance. Example: An ASEA may need to monitor the work of SEAs from day to day to ensure that certain procedures have been carried out properly or to assist with new directives.

**Time Management:** Managing one's own time and the time of others in order to promote effective use of work hours. Example: An ASEA may have to manage multiple competing goals daily and/or weekly in order to meet deadlines.

Certain questions may need to be answered on the basis of documents or other information supplied to the candidates on the date of the multiple-choice exam.
