

4. A satisfactory combination of education and experience. Satisfactory, full-time paid experience working for a New York City government agency responding to inquiries utilizing computers, databases and information technology systems for researching the answers to questions in a customer service, help desk or public information capacity may be substituted on the basis of one year of NYC government work experience for two years of the experience described in "2" above. College credit may be substituted for the experience in a customer service, help desk or public information capacity on the basis of 30 semester credits for each year of the experience described in "2" above. However, all candidates must possess a four-year high school diploma or its educational equivalent.

The education requirement must be met by June 30, 2021. The experience requirement must be met by the last day of the Application Period (June 22, 2021).

The high school diploma or its educational equivalent must be approved by a State's Department of Education or a recognized accrediting organization. The college or university must be accredited by regional, national, professional, or specialized agencies recognized as accrediting bodies by the U.S. Secretary of Education and by the Council for Higher Education Accreditation (CHEA).

If you were educated outside the United States, you must have your foreign education evaluated to determine its equivalence to education obtained in the United States. This is required only if you need credit for your foreign education in this examination. For more information see the Foreign Education Evaluation Guide in the Required Information section.

During the Education and Experience Exam (EEE), you may answer questions about your experience. If your experience was on a part-time basis working less than 35 hours per week, you will need to convert your part-time experience to full-time experience using the formula below. Once you have determined your full-time experience equivalent, use this amount to answer questions about your experience.

$(\text{number of hours worked per week}/35) \times (\text{number of months worked})$

For example, if you worked at a job for 21 hours per week for 12 months, you would make the following calculation: $21/35 \times 12 = 7.2$ months.

You have until midnight Eastern time on the last day of the Application Period (June 22, 2021) to clearly specify in detail all of your relevant education and experience and Final Submit your Education and Experience Exam in the Online Application System (OASys). Once you Final Submit your Education and Experience Exam in OASys, you will not be permitted to submit new or additional information on your Education and Experience Exam online.

If you do not Final Submit your Education and Experience Exam in OASys by midnight Eastern time on the last day of the Application Period (June 22, 2021), your examination will be considered incomplete, you will not be entitled to the appeals process, you will not receive a score, you will not be invited to subsequent portions of this examination (if applicable), and your application fee will not be refunded.

You will not receive credit for education which you obtain after June 30, 2021 or experience which you obtain after the end of the Application Period (June 22, 2021).
