Notes:
 1) According to Jeff Loughlin, Local 137 (Business Representative for Heavy Equipment Operators, Operating Engineers, AFL-CIO) during site preparation most workers would likely come from Dutchess County within a 10 to 15-mile radius of the site.
 2) During Shaft Construction, a special labor group (sand hogs) would be working on the site. Sand hogs will go where the work is located. Sand hogs are currently located in Brooklyn, Manhattan, and upstate.
