

Project Profile: Admiral's Row

Project Owner: Brooklyn Urban Retail Partners
Project Location: Admiral's Row, BK Navy Yard
Watershed: East River Open Waters
GI Technology: Intensive Green Roof
Green Roof Area: 11,736 SF
Volume Managed: 1,500,000 gallons annually
Year Completed: 2020
GI Grant Award: \$351,788

Brooklyn Urban Retail Partners, LLC has constructed an 11,736 SF intensive green roof on Admiral's Row buildings C and E in the Brooklyn Navy Yard. The buildings are part of a larger development of five buildings total which have a multitude of functions including a Wegman's grocery store.

The green roof, constructed by Kelco Construction Inc., will benefit the community as the site occupies hundreds of feet of East River waterfront which is historically industrial and lacking green infrastructure. The total project cost \$776,689 with Brooklyn Urban Retail Partners, LLC contributing \$474,090 in matching funds.
