RESOLVED That the Design Commission, having considered designs for the reconstruction of Fordham Plaza, including the construction of a café and a market building, East Fordham Road, Third Avenue, Park Avenue and 189th Street, Bronx, submitted by the Department of Design and Construction and the Department of Transportation, represented by exhibits 5328-W, AA & AB of record in this matter, hereby gives to the same unanimous preliminary approval. Given the challenges resulting from separating out the design of the relocated dog run from the skate park that replaced it, the Commission notes that it will no longer review projects piecemeal and the Parks Department should plan accordingly, allowing sufficient time for review.
