

LINC III Rental Assistance Program

Landlord/Broker Fact Sheet

February 2015

How does participating in the LIVING IN COMMUNITIES (LINC) III Rental Assistance program benefit me?

The availability of new Section 8 vouchers is uncertain and even in the best case the supply will not meet the need. Therefore, the Living In Communities (LINC) III program is your way to participate in a rental assistance program that provides opportunities and support for you and your tenants. Due to available funding, only a limited number of the LINC III rental assistance grants will be issued. Consequently, not every family in the shelter system will be able to receive rental assistance.

You have access to a wide-array of benefits, including:

- Rent level based on household size at competitive rates.
- One year of rental assistance payments from HRA on behalf of eligible families receiving Public Assistance with the possibility of four additional years based on an annual renewal.
- Payments up front: one month's broker's fee, prorated current month, first month in full (unless the tenant has a contribution), one month security voucher, and the rental assistance portion of the second, third, and fourth months' advanced rent.
- Quick apartment registration and apartment clearance.
- Citywide Homebase program or other community-based service providers support tenants while in their apartments.

Who are my prospective tenants?

Households in shelter who:

- Have earned or unearned income.
- Are eligible for Public Assistance in the community.

How do I sign a lease or find out more?

If you have an apartment to offer to DHS, go to the DHS website for instructions: <http://www.nyc.gov/html/dhs>.

If you have an apartment to offer HRA, call 929-221-7246.

When a landlord and tenant have agreed to enter into a LINC III lease, the apartment must be inspected and approved for the program. If your tenant resides in the DHS shelter system, you should work with your tenant's housing specialist to submit an apartment registration form and leasing packet to DHS. If your tenant resides in the HRA shelter system, you should work with your prospective tenant to submit an apartment registration form and leasing packet to HRA. All apartments must pass an inspection by Department of Housing Preservation and Development (HPD) Housing Quality Standards inspectors. Inspections will be scheduled within two business days of your request.

In order to request an inspection and begin the leasing approval process, the landlord/broker and tenant must submit the following documents:

- An Apartment Registration form
- An Intent to Lease letter
- A "W9 form" which calls for a valid Taxpayer Identification Number (TIN)
- Security deposit voucher form
- Broker request form (if applicable)
- Copy of current Broker's License (if applicable)

Once the documents have been reviewed and approved, and the apartment passes inspection, a lease signing will be scheduled by HRA. The lease signing will usually occur within one week. All leases are between the landlord and the tenant, and the City is not a party to the lease.

Required documents may be downloaded from the DHS Website at <http://www.nyc.gov/dhs> or the HRA Website at <http://www.nyc.gov/hra>.

What help is available once my tenant moves in?

- If your tenant came from a DHS shelter, you can contact the HRA Rental Assistance Call Center Monday-Friday from 9am to 5pm at 929-221-0043 or connect with your local Homebase office by calling 311. Homebase is a community homelessness prevention program that can provide tenants with access to a wide array of supportive services, including workforce development, emergency cash assistance, and mediation. Homebase can also assist your tenant in developing a transition plan for the end of the rental assistance period.

- If your tenant came from an HRA shelter, you can call HRA from 9am to 5pm at 929-221-7270 for assistance and connections to community services. Community-based nonresidential programs provide a range of supportive services, including counseling, information and referral, financial counseling, advocacy, and legal assistance.

How long does the program last?

- Once you have an apartment that is approved and linked to the LINC III program, you will receive one year of monthly rental assistance payments for eligible families receiving Public Assistance.
- Before renewing any participant for another year of the program, we check to make sure the household is continuing toward increased earnings, social supports, and housing stability and we will recalculate any tenant contribution based upon current income. Renewal requirements include the tenants showing:
 - Engagement with an assigned case management provider.
 - Continued receipt of Public Assistance and at least one eligible child.
- Participants who are renewed or who are able to pay rent on their own are entitled to a second year of tenancy at the same rent amount and there are restrictions on rent increases in subsequent years.
- Please note rental assistance payments are contingent upon the availability of funding for the program.

What is the amount of the rental payments I will receive?

The enhanced maximum rental amounts available under this program are based on household size and are listed in the below table.

In addition, **side deals are strictly prohibited**. You are not permitted to request any additional fees, beyond what is legally agreed upon in the lease. You are prohibited from charging extra for heat and hot water.
