The proportion of white voters and reduce the voting power of the substantial black and Latino populations. It would move Community Health Academy of the Heights to District 10, meaning

Cutting the 160s and 150s west of Amsterdam out of District 7 would also dramatically increase

were to dramatically increase.

districts would likely see their funding cut in half, even as the needs and poverty in District 10 programs that have historically received funding from council members representing both.

Werner Heights would functionally cut representation of this community in half, since always been represented by at least two council members, and shifting these blocks in the

Finally, the 160s and 150s west of Amsterdam should remain in District 7. Werner Heights

simply ask that the district continue south along these lines:

District 10 is already east of Amsterdam, including Amsterdam, St. Nicholas, and Edgemere.

of Amsterdam south of 159th Street.

The Polo Grounds and the remaining areas of Werner Heights already share

member who will be responsible for this major green space.

people living on each side of Coogan's Bluff are equally invested in selecting the council

including those currently in District 10 and the people who reside in the Polo Ground Towers.

Coogan's Bluff, which is currently part of District 10, should serve residents on either side,

as well.

District 10 already connects to the FDR Highway, which directly connects to the Polo Grounds

Housing in the Polo Grounds and forming a community of interest. The current northeast part of

Coogan's Street. The highway extends down both sides of the district, connecting Coogan's

The Polo Grounds is already connected to District 10 via the FDR Highway all the way to

If District 10 is to grow, the Polo Grounds is the most natural direction for the district to expand.

150s remain part of District 7.

the commission should include the Polo Grounds as part of District 10 and ensure the 160s and

and Latino populations are adequately represented in the City Council. To achieve these goals,

compacts that they are not oddly shaped. The communities of interest are served, and that block

I urge the commission to take steps that will ensure that districts in Upper Manhattan are

am here to testify regarding the growth of Council Districts 7 and 10 in Upper Manhattan.

My name is Carlos Castellanos. I am a resident of Washington Heights/Inwood in District 10. I
that no high school would operate in District 7 and that all funding for high school programs would likely need to come from the District 10 budget. District 10 already has two high schools—George Washington Educational Campus (was the last graduating class of George Washington High School) and worked in summer youth at Gregorio Luperón back when I was a teenager—both of which are in great need of additional support and resources. District 10 is not equipped to provide full attention and resources to a third high school.

The 160s cannot be separated from the 150s west of Amsterdam. A number of hispanic-serving institutions operated in the 150s, including Boricua College and the Hispanic Society museum, and these institutions are likely to thrive if they are represented by a council member elected by the people of southern Washington Heights, who have a historic and cultural connection to these institutions.
