Good afternoon,

Please consider keeping Council District 32 intact and do not divide the communities further. Already with statewide redistricting we are losing a State Senator who has been serving the Howard Beach community for many years, sadly splitting our community down the middle - one side of Crossbay Blvd represented by one State Senator and the other side by another. This already being a blow, further carving up our community amongst multiple council representatives will be both needless and a massive disservice to our communities needs. Please take this into consideration as our community is already poised to suffer enough. Thank you.

Regards,

Mr. Raimondo Graziano
