320 concord avenue
In the Bronx, the City would build a modern facility at the existing tow pound at 320 Concord Avenue. The new jail would have housing units for detainees, and programming and recreational space. The western portion of the site could be rezoned to a special mixed-use district to allow the development of a mixed-use building in the future.

A NEW VISION FOR A BOROUGH-BASED JAIL IN THE BRONX
Community engagement in this process is critical, as the path forward relies on continued support for this vision. The City is leading a public review process to engage people who are detained, staff, families, service providers, attorneys, advocates, community members, and neighborhood groups to ensure that the voices of New Yorkers from all communities can help shape the plan. Through this process, concerns about design and neighborhood impacts will be heard and taken into account. To receive updates and view information on community engagement please visit:
