The New York City Department of Health and Mental Hygiene (DOHMH) has issued a Request for Proposals (RFP) for Family and Youth Peer Support Services through the HHS Accelerator system. This RFP is issued through the HHS Accelerator system *only* to those organizations prequalified in the relevant service areas. Likewise, proposals must be submitted through the HHS Accelerator system in the manner set forth in the 'Procurements' section of the system by those same prequalified organizations. Family and Youth Peer Support (FYPS) Services support and empower parents/caregivers of, as well as the children and youth themselves (birth – age 24), who are experiencing social, emotional, developmental, substance use, and/or behavioral challenges. DOHMH is seeking to establish a network of FYPS programs throughout New York City. The network would be comprised of up to five (5) appropriately qualified non-profit vendors, one contractor in each borough. Each contractor would take the lead in establishing and coordinating an Alliance that consists of the prime contractor and subcontracting organizations within their service area which, all together, would provide a comprehensive range of formal and informal community-based family and youth support services.
