# Share the Night, *Not HIV*

A photograph of two men embracing warmly at night. The man on the left is wearing a light-colored jacket over a maroon shirt, and the man on the right is wearing a dark jacket over a pink shirt with a geometric pattern. They are both smiling and looking at each other. The background is a blurred city street at night with warm, bokeh-style lights.

**PrEP**

is preventive medication that can help you stay negative, even if he might be positive.

**Condoms provide additional protection.**  
For more information on PrEP, **talk to your doctor,**  
**call 311 or visit [nyc.gov](http://nyc.gov) and search “HIV PrEP and PEP”**
