

Sexual Health Service Providers

All of the following clinics offer sexual health services in New York City. These services include: **condoms, birth control, emergency contraception, STD testing and treatment, HIV testing, and pregnancy testing.**

Look for these symbols:

★	All of the above services are available and free
▲	LGBTQ-specific services available (Remember, though, LGBTQ can get services at all listed providers!)
T	Teens Only
♂	Male Only
♀	Female Only

Some providers offer **free** services while others may charge for services. **Gold Star (★) providers** offer many **free** services and birth control methods on site, including the pill, shot, implant, non-hormonal IUD and emergency contraception. For each provider, you'll find a list of **birth control methods available on site.** In order to be included below, providers completed a clinical assessment and met the Health Department's criteria for essential practices in the provision of sexual and reproductive health care.
