

Sexual Health Service Providers

All of the following clinics offer sexual health services in New York City. These services include **providing condoms, birth control and emergency contraception; STI testing and treatment; HIV testing; and pregnancy testing.**

Look for these symbols:

	All of the above services are available and free
	LGBTQ-specific services available (Remember, though, LGBTQ clients can get services at all listed providers!)
T	Teens only
	Male only
	Female only

Some providers offer free services while others may charge for services. **Gold Star (★) providers** offer many free services and birth control methods on-site, including the pill, shot, implant, non-hormonal IUD and emergency contraception. For each provider, you'll find a list of **birth control methods available on-site**. The providers on this list completed a clinical assessment and met the Health Department's criteria for essential practices in providing sexual and reproductive health care.
