Get Your COVID-19 Vaccine

Now eligible: people age 60 and older; people with certain underlying medical conditions; restaurant workers; health care workers; residents and staff in nursing homes, homeless shelters and other group living facilities; and certain essential workers, such as first responders, teachers and school staff, transit workers, and grocery store workers. For a list of all eligible groups, visit nyc.gov/covidvaccinedistribution.

Make an Appointment
Visit nyc.gov/vaccinefinder to find a vaccination site and make an appointment. Appointments are required at all sites. You can also call 877-VAX-4NYC (877-829-4692) to make an appointment at an NYC site.

Preparing for Your Appointment
You will need to complete the New York State (NYS) COVID-19 Vaccine Form found at vaccineform.health.ny.gov in order to get vaccinated.

If you are eligible to get vaccinated based on your age, you must bring proof of age and proof of New York residency.

If you are eligible to get vaccinated based on employment, you must bring proof of employment and proof that you work or live in New York.

If you are eligible based on an underlying medical condition, you can self-certify that you have an underlying condition. You do not need documentation from your health care provider. You must also bring proof of New York residency.

For information on acceptable forms of proof of eligibility, visit nyc.gov/covidvaccine.

Some vaccination sites are limited to NYC residents or workers, or residents of specific neighborhoods. Also, some sites are only vaccinating certain eligible groups. Check the vaccination site eligibility requirements before making your appointment.

- Reschedule if you are not feeling well on the day of your appointment.
- Wear a face covering to your appointment. You will not be allowed into the site without one.

NYC VACCINE FOR ALL: SAFE, FREE, EASY

The NYC Health Department may change recommendations as the situation evolves. 3.10.21
