

Abinda 'Yan New York ke Bukatar Sani Game da Magungunan rigakafin COVID-19

Akwai magungunan rigakafin COVID-19 a yanzu don dukanin mazaunan New York masu shekaru 16 zuwa sama.

Magungunan rigakafin COVID-19 suna da aminci kuma suna da tasiri. Magungunan rigakafin sun bi ta manyan binciken asibitocin da suka nuna cewa suna da matukar tasiri wajen kare mutane daga matsananciyar ciwon COVID-19, kwanciya a asibiti da mutuwa.

An samar maka da magungunan rigakafin na COVID-19 ba tare da ka biya ba. Ba'a buƙatar inshora ko sadarda matsayinka na shige-da-fice.

Nemo wuri don yin rigakafin. Ziyarci nyc.gov/vaccinefinder ko kira 877-829-4692 don neman wurin yin rigakafin.

Kana iya samun sakamako mai illa. Abubuwan illa na yau-da-kullun sun haɗa da ciwo a hannu, ciwon kai, ciwon jiki, gajiya da zazzabi.

Cigaba da yin taka tsantsan. Mun san magungunan rigakafin na kareku, amma har yanzu muna buƙatar karin sani game da yadda suke tasiri a yaduwar kwayar cutar. A yanzu, koda bayan karban rigakafin, cigaba da zama a gida idan baka da lafiya, kasance kafa 6 daga wadansu, saka rufuwar fuska da kyau kuma ka wanke hannuwanka kodayaushe.
