pledges to provide a welcoming environment to breastfeeding employees and customers. We believe that a policy that promotes a positive and supportive environment for breastfeeding parents and their infants is important.

Customers are permitted to breastfeed anywhere in this business location and enjoy a friendly attitude from staff, management and other customers. We also support breastfeeding employees, and in accordance with the New York State Labor Law, Section 206-c, make a reasonable effort to provide a private space and time for them to express breast milk at work.

We will inform staff and concerned customers that breastfeeding in public is protected by New York State Civil Rights Law, Section 79-e; is not considered indecent exposure per Penal Law 245.01; and that this business welcomes breastfeeding customers and employees. Staff members are trained on how to support and address issues related to breastfeeding.
