

NYC MACROSCOPE ELECTRONIC HEALTH RECORD SURVEILLANCE SYSTEM

Bibliography

ACKNOWLEDGMENTS

The NYC Macroscopic is part of a larger project, Innovations in Monitoring Population Health, conducted by the NYC Department of Health and Mental Hygiene and the CUNY School of Public Health in partnership with the Fund for Public Health in New York and the Research Foundation of the City University of New York. Support for the larger project was primarily provided by the de Beaumont Foundation with additional support from the Robert Wood Johnson Foundation, including its National Coordinating Center for Public Health Services and Systems Research, the Robin Hood Foundation, the New York State Health Foundation, the Doris Duke Charitable Foundation, and the National Center for Environmental Health, US Centers for Disease Control and Prevention (U28EH000939).

NYC MACROSCOPE TEAM

Pui Ying Chan, Claudia Chernov, Laura Jacobson, Sungwoo Lim, Elizabeth Lurie-Moroni, Katharine H. McVeigh, Remle Newton-Dame, Sharon E. Perlman, Matthew L. Romo, Lauren Schreiberstein, Sarah Shih, Jenny Smolen, Elisabeth Snell, Kathleen Tatem, Lorna E. Thorpe
