

This resource includes information about providers in New York City offering sexual and reproductive health services during the COVID-19 public health emergency. This list includes clinics that shared their information with the New York City Department of Health and Mental Hygiene (NYC Health Department), and not all clinics currently open are on this list. We recommend contacting a facility before your visit.

If you think you were exposed to HIV, you can call the NYC PEP hotline at 844-3-PEPNYC (844-373-7692) or go immediately to a clinic or emergency room and ask for PEP.

The NYC Health Department may change recommendations as the situation evolves. This list was last updated on Jan. 30, 2021.

Manhattan
