*Notes.
1. PRAMS Question #61: Are you or your husband/partner doing anything now to keep from getting pregnant? (Some things people do to keep from getting pregnant include not having sex at certain times [rhythm] or withdrawal, and using birth control methods such as the pill, condoms, cervical ring, IUD, having their tubes tied, or their partner having a vasectomy.)
   Answers:
   No
   Yes
2. Totals for each category may not equal overall total due to missing data or rounding.
3. Data are weighted and are based on responses of 1,034 NYC women giving birth in 2008.
   ** estimate based on <60 respondents and may not be reliable.
