

Sexual Consent Campaign Partners

New York City Teens Connection (NYCTC) worked with adult and youth community partners between 2016 and 2019 to develop a public awareness campaign for NYC teens. Adult and youth partners decided to create a campaign on **sexual consent communication**. We conducted a youth participatory action research project because it was important that we center youth and their perspectives.

Twelve focus groups consisting of 112 New York City teens helped us learn more about how teens navigate sexual consent communication and informed the campaign design. NYCTC would like to thank all our youth and adult partners.

A special thank you to the following agencies that supported our project by recruiting youth and hosting the focus groups:

- [Center for Community Alternatives](#)
- [Families on the Move of New York City, Inc.](#)
