

Eligibility for PEP Starter Kits at NYC DOHMH STD Clinics

If your partner is **HIV+** and you:

1. Had anal or vaginal sex without a condom or the condom broke
2. Were sexually assaulted or
3. Used another injector's syringe or drug injection works

in the last 36 hours

✓ you may be eligible for a PEP starter kit at an NYC DOHMH STD clinic

If your partner's **HIV status is Unknown** and you:

1. Are a man or trans-woman who had receptive (or "bottom") anal sex without a condom or the condom broke
2. Were sexually assaulted or
3. Used another injector's syringe or drug injection works

in the last 36 hours

✓ you may be eligible for a PEP starter kit at an NYC DOHMH STD clinic

****Other exposures (including oral sex) are not eligible for a PEP starter kit at an NYC DOHMH STD Clinic but you may be eligible at another facility**
