I. SUMMARY	
Highlights . . . . .	1
The 1963 Upsurge in Tuberculosis Morbidity and Counter Measures Adopted . . . . .	2
Tuberculosis Morbidity and Mortality, New York City . . . . .	4
Tuberculosis Morbidity and Mortality, Tri-State New York Metropolitan Region . . . . .	7
II. MORBIDITY DUE TO TUBERCULOSIS	
New Cases Reported During the Year . . . . .	9
Boroughs . . . . .	9
Health Districts . . . . .	10
Source of Report . . . . .	12
Stage of Pulmonary Disease . . . . .	13
Form . . . . .	19
Tuberculosis First Reported at Time of Death . . . . .	20
New Case Rate by Ethnic Group . . . . .	22
Males by Age and Health Center District . . . . .	24
Females by Age and Health Center District . . . . .	25
New Cases by Ethnic Group and Health Center District . . . . .	27
New Cases by Ethnic Group, Age and Sex . . . . .	31
III. TUBERCULOSIS REGISTER	
Total in Register . . . . .	37
Reactivated Cases . . . . .	40
IV. PREVALENCE	
Known Prevalence of Tuberculosis by Health Center Districts . . . . .	41
Health Areas by Boroughs	
Manhattan . . . . .	44
Bronx . . . . .	55
Brooklyn . . . . .	64
Queens . . . . .	80
Richmond . . . . .	89
Housing Projects to Which Special Health Area Numbers Are Assigned .	91
Community Case Fatality Rates . . . . .	95
V. TYPE OF CARE	
Care of the Tuberculous . . . . .	96
Type of Care by Health Center District . . . . .	97
Clinic Care . . . . .	99
Private Physicians . . . . .	105
Antibacterial Drug Treatment . . . . .	106
Distribution of Anti-Tuberculosis Drugs in Voluntary Hospital Clinics . . . . .	106

	Page
BCG Vaccinations . . . . .	108
Hospitals	
Hospitalization for Tuberculosis . . . . .	111
Hospitalized Patients by Borough of Residence . . . . .	113
Tuberculosis Hospital Facilities . . . . .	114
Department of Hospitals . . . . .	117
<b>VI. CASE DETECTION</b>	
Case Detection . . . . .	120
Tuberculin Testing of School Children . . . . .	120
Heaf Test Study in 22 Parochial Schools, New York City, 1959-1963 . . . . .	122
Tuberculosis Infection Rates . . . . .	124
Chest X-ray Examinations . . . . .	125
Department of Health . . . . .	125
Tuberculosis Associations . . . . .	125
Mass X-ray Surveys . . . . .	126
City-wide Neighborhoods Mass X-ray Survey . . . . .	127
General Hospitals . . . . .	128
Harlem Area Tuberculosis Casefinding . . . . .	133
<b>VII. MORTALITY</b>	
Tuberculosis Mortality . . . . .	134
Tuberculosis Mortality by Sex and Form . . . . .	134
Tuberculosis Mortality by District of Residence . . . . .	135
Tuberculosis Deaths by Sex and Ethnic Group . . . . .	137
Tuberculosis Deaths by Age and Sex . . . . .	139
Leading Causes of Death . . . . .	141
Selected Vital Statistics . . . . .	142
Deaths and Death Rates from Leading Infectious and Parasitic Diseases . . . . .	144
United States - Tuberculosis Mortality . . . . .	145
<b>VIII. COST OF TUBERCULOSIS</b>	
Department of Health . . . . .	147
Department of Hospitals . . . . .	147
Charitable Institutions . . . . .	147
Department of Welfare . . . . .	149
Division of Vocational Rehabilitation, New York State . . . . .	149
Selective Placement Division, New York State . . . . .	150
United States . . . . .	151
<b>IX. ADDENDUM</b>	
Population, New York City . . . . .	152
Children Attending New York City Schools . . . . .	155
Tuberculosis in the United States	
New Cases and Deaths . . . . .	156
Prevalence . . . . .	157
Tuberculosis in Large American Cities	
New Cases . . . . .	159
Deaths . . . . .	161
Cases in Register . . . . .	163
New York State, Counties, Cities-New Cases and Deaths . . . . .	165
Foreign Countries - New Cases and Deaths from Tuberculosis . . . . .	168
<b>REFERENCES</b> . . . . .	171

## LIST OF TABLES

Tables	Page
1A. New cases of tuberculosis reported in each borough, 1962-1963 . . . . .	4
1B. Mortality from all forms of tuberculosis by borough, 1962-1963 . . . . .	4
1C. Cases of active tuberculosis on health district rosters by type of care, December 31, 1963 . . . . .	4
2. Tuberculosis morbidity and mortality, Tri-state New York Metropolitan Region, 1963 . . . . .	7
3. New active tuberculosis cases and rates by borough, 1952-1963 . . . . .	9
4. New cases of active tuberculosis by health center district, 1953-1963 . . . . .	10
5. New case rate, new cases of active tuberculosis by health center districts, 1953-1963 . . . . .	11
6. Source of report, new cases of active tuberculosis, all forms, 1953-1963 . . .	12
7. Sources of report, new cases of active tuberculosis by ethnic group and sex, 1963 . . . . .	12
8. Newly reported cases of active pulmonary tuberculosis in persons 10 years of age and over, by stage at time of report, 1952-1963 . . . . .	13
9. Newly reported cases of active pulmonary tuberculosis in persons 10 years of age and over by age, sex and ethnic group by state at time of first report, 1963 . . . . .	14
10. Newly reported active tuberculosis cases by age, sex and diagnosis - all ethnic groups, 1963 . . . . .	16
11. Newly reported active tuberculosis cases by age, sex and diagnosis - white .	17
12. Newly reported active tuberculosis cases by age, sex and diagnosis - non-white . . . . .	18
13. Newly reported cases of active tuberculosis by form, 1952-1963 . . . . .	19
14. New cases of pulmonary tuberculosis first reported at time of death by borough, 1952-1963 . . . . .	21
15. Newly reported active tuberculosis case rates by ethnic group, 1952-1963 . . .	22
16. Newly reported active tuberculosis cases by ethnic group, 1962-1963 . . . . .	22
17. Males: Newly reported active tuberculosis cases by age and health center district, 1963 . . . . .	24
18. Females: Newly reported active tuberculosis cases by age and health center district, 1963 . . . . .	25
19. Newly reported active tuberculosis cases by ethnic group and health center district, 1963 . . . . .	27
20. Newly reported active tuberculosis cases by ethnic group, sex and health center district, 1963 . . . . .	28
21. Percentage distribution of new cases of active tuberculosis by sex and ethnic group, 1963 . . . . .	28
22. Newly reported active tuberculosis cases by ethnic group and health center district, 1958-1963 . . . . .	29
23. Newly reported active tuberculosis cases by ethnic group and sex, 1944-1963 . . . . .	30
24. Newly reported active tuberculosis cases by ethnic group, age and sex, 1952-1963 . . . . .	31-35
25. Tuberculosis register, patients with active disease, 1946-1963 . . . . .	38
26. Known prevalence of active tuberculosis in New York City by health district, December 31, 1963 . . . . .	42
27. Tuberculosis by ethnic groups, health center districts and health areas - Manhattan, 1963 . . . . .	44-54
28. Tuberculosis by ethnic groups, health center districts and health areas - Bronx, 1963 . . . . .	55-63

Tables	Page
29. Tuberculosis by ethnic groups, health center districts and health areas - Brooklyn, 1963 . . . . .	.64-79
30. Tuberculosis by ethnic groups, health center districts and health areas - Queens, 1963 . . . . .	.80-88
31. Tuberculosis by ethnic groups, health center districts and health areas - Richmond, 1963 . . . . .	.89-90
32. Housing project in New York City by borough and health area . . . . .	.91-94
33. Community case fatality ratios, pulmonary tuberculosis, 1900-1963 . . . . .	95
34. Tuberculosis by type of care, December 31, 1963 . . . . .	97
35. Patients with active tuberculosis under clinic care by borough, 1952-1963 . . . . .	100
36. Tuberculosis cases under New York City Health Department clinic supervision, 1957-1963 . . . . .	101
37. Visits to Health Department chest clinics, Tuberculosis cases 1957-1963 . . . . .	101
38. Number of nurses' field visits to tuberculous patients at home by health district, 1954-1963 . . . . .	102
39. Percent nurses' field visits to tuberculous patients at home of total service visits by health district, 1954-1963 . . . . .	103
40. Attendance at Health Department tuberculosis services by borough, 1950-1963 . . . . .	104
41. Tuberculous patients under care of private physicians by borough, 1950-1963 . . . . .	105
42. Specific antibacterial drug treatment cases, chest clinic, Department of Health, 1956-1963 . . . . .	107
43. BCG Vaccinations, chest clinics, Department of Health, 1950-1963 . . . . .	108
44. Tuberculin testing results in 24 selected junior high schools, New York City, February, March and May, 1964 . . . . .	110
45. Result of BCG vaccination project in 24 selected junior high schools, New York City, February, March and May, 1964 . . . . .	110
46. Tuberculosis cases hospitalized, 1940, 1945 and 1950-1963 . . . . .	111
47. New York City residents hospitalized for active tuberculosis, 1950-1963 . . . . .	112
48. Hospitalized active tuberculous patients by borough of residence, 1950-1963 . . . . .	113
49. Tuberculosis hospital facilities, New York City, 1960-1963 . . . . .	114
50. Tuberculous patients treated in voluntary hospitals in City and public institutions out of town: admissions, discharges and patient days care, 1963 . . . . .	115
51. Tuberculosis hospital facilities, New York City suburban area, 1960-1963 . . . . .	116
52. Bed complement, Department of Hospitals, New York City, 1952-1963 . . . . .	117
53. Pre-high school Tine Test by medical service providing test, New York City, 1962-1963 and 1963-1964 . . . . .	120
54. Tine test done as new admissions to high school by type of school, New York City, 1962-1963 and 1963-1964 . . . . .	121
55. Tuberculin testing in secondary schools, Department of Health, New York City, 1955-1962 . . . . .	121
56. Heaf test study in 22 parochial schools, per cent positive by incidence area and school grade, New York City, 1959-1963 . . . . .	123
57. X-ray examinations for tuberculosis by health agencies, 1950-1963 . . . . .	125
58. X-ray examinations, Bureau of Tuberculosis, Department of Health, 1956-1963 . . . . .	126

Tables	Page
59. Mass X-ray surveys, Department of Health, 1955-1963 . . . . .	126
60. Hospital admission chest X-ray survey, persons examined by age and sex, 1963 . . . . .	130
61. Hospital admission chest X-ray examinations, active pulmonary TB rate, 1955-1963 . . . . .	130
62. Number and active pulmonary tuberculosis rate for hospital admission chest X-ray survey of in-patients, out-patients, and employees, by municipal and voluntary hospitals, 1960-1963 . . . . .	131
63. Hospital admission chest X-ray survey, newly reported active pulmonary tuberculosis, numbers and rates by hospital, 1961-1963 . . . . .	132
64. Tuberculosis mortality, New York City, 1963 . . . . .	134
65. Tuberculosis mortality by district of residence, 1962-1963 . . . . .	135
66. Tuberculosis deaths by race, age and district of residence, 1963 . . . . .	136
67. Tuberculosis mortality by sex and ethnic groups, 1953-1963 . . . . .	137
68. Tuberculosis deaths and death rates by ethnic group, 1953-1963 . . . . .	137
69. Tuberculosis deaths, residents and non-residents by borough, 1958-1963 . .	138
70. Tuberculosis deaths by age and sex, 1952-1963 . . . . .	139
71. Tuberculosis mortality by age group, 1963 . . . . .	140
72. Tuberculosis deaths and death rates by sex and ethnic group, 1963 . . . . .	140
73. Leading causes of death by race (number and rate), New York City, 1963 . .	141
74. Estimated death rates for 10 leading causes of death, United States, 1963 . .	141
75. Selected vital statistics: Live births, infant deaths, and leading causes of death (number and rate) by health center district, New York City, 1963 . . . . .	142-143
76. Deaths and death rates from leading infectious and parasitic diseases, pneumonia and influenza, New York City, 1962-1963 . . . . .	144
77. Tuberculosis deaths and death rates by age, United States, 1963 . . . . .	145
78. Tuberculosis deaths and death rates by color and sex, United States, 1963 .	145
79. Summary, appropriations of tax funds and voluntary funds for tuberculosis care and control, 1962-1964 . . . . .	147-148
80. The Division of Vocational Rehabilitation, New York State: Type and cost of services provided to 442 tuberculosis rehabilitants, New York State, 1962-1963 . . . . .	150
81. The Division of Vocation Rehabilitation, New York State: Jobs in which 442 tuberculosis rehabilitants were rehabilitated, New York State, 1962-1963 . . . . .	150
