Now is the time for New Yorkers – especially people over 50 – to take
personal precautions to prevent mosquito bites:

- **Use repellents that contain DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
- **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
- **Make sure that your doors and windows have tight-fitting screens.**

Fix or replace screens that have tears or holes.

Reduce mosquito exposure around your home:

- **Eliminate any standing water that collects on your property.**
- **Remind or help neighbors to eliminate standing water on their properties.**
- **Call 311 to report standing water.**
