

**West Nile Virus activity* detected recently in the following
Queens zip codes: 11354, 11358, 11360, 11362, 11364, 11365, 11379, 11413, 11415, 11422, 11423,
11426, 11429, 11432, 11434**

**Neighborhoods: Auburndale, Bay Terrace, Cambria Heights, College Point, Douglaston, Glen Oaks, Holliswood,
Jamaica Hills, Kew Garden, Laurelton, Linden Hill, Little Neck, Middle Village, Oakland Gardens,
Pomonok, Rosedale, South Jamaica, Springfield Gardens**

Now is the time for New Yorkers – especially people over 50 – to take
personal precautions to prevent mosquito bites:

- **Use repellents that contain DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
 - **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
 - **Make sure that your doors and windows have tight-fitting screens.**
Fix or replace screens that have tears or holes.
-

Reduce mosquito exposure around your home:

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to www.nyc.gov/health.
