

# Recent West Nile Virus Activity\* in Mosquito Populations of New York City, by Zip Code, June 30 to July 6, 2013

Date: 7/8/2013

## Legend

 West Nile virus detected

Source: West Nile virus surveillance data, Department of Health and Mental Hygiene, New York City

\* The lack of detection of West Nile virus in a zip code does NOT mean that West Nile virus is not present. All New Yorkers should take precautions to avoid mosquito bites during peak mosquito season, June through October.
