West Nile Virus activity* detected recently in the following
Queens zip codes: 11005, 11101, 11356, 11357, 11358, 11360, 11362, 11364, 11365, 11368, 11374, 11375, 11377, 11378, 11379, 11415, 11422, 11423, 11426, 11691, 11693

Now is the time for New Yorkers – especially people over 50 or with weakened immune systems – to take personal precautions to prevent mosquito bites:

- Use repellents that contain DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.
- If outside from dusk to dawn, wear protective clothing if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
- Make sure that your doors and windows have tight-fitting screens. Fix or replace screens that have tears or holes.

Reduce mosquito exposure around your home:

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call 311 to report standing water.
