

**West Nile Virus activity* detected recently in the following
Brooklyn zip codes: 11201, 11208, 11214, 11215, 11221, 11223, 11228, 11232, 11234, 11235, 11236**

**Neighborhoods: Bath Beach, Bushwick, Dyker Heights, Fort Greene, Gravesend, Greenwood Heights, Marine Park, Sheepshead Bay,
Spring Creek, Starrett City, Windsor Terrace**

Now is the time for New Yorkers – especially people over 50 or with weakened immune systems – to take
personal precautions to prevent mosquito bites:

- **Use repellents that contain 2-undecanone, DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
- If outside from dusk to dawn, **wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
- **Make sure that your doors and windows have tight-fitting screens.**
Fix or replace screens that have tears or holes.

Reduce mosquito exposure around your home:

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to www.nyc.gov/health.
