

**West Nile Virus activity\* detected recently in the following  
Manhattan zip codes: 10002, 10009, 10023, 10024, 10025, 10027, 10031, 10032**

---

**Neighborhoods: East Harlem, East Village, Hamilton Heights, Little Italy, Manhattan Valley, Upper West Side**

Now is the time for New Yorkers – especially people over 50 or with weakened immune systems – to take **personal precautions to prevent mosquito bites:**

- **Use repellents that contain 2-undecanone, DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
  - **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
  - **Make sure that your doors and windows have tight-fitting screens.**  
Fix or replace screens that have tears or holes.
- 

**Reduce mosquito exposure around your home:**

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to [www.nyc.gov/health](http://www.nyc.gov/health).
