

**West Nile Virus activity* detected recently in the following
Bronx zip codes: 10457, 10461, 10462, 10464, 10465, 10469, 10471, 10473, 10475**

Neighborhoods: Bathgate, Castle Hill, Clason Point, Co-op City, Fieldston, Harding Park, Middletown, Morris Park, North Riverdale, Pelham Bay, Pelham Gardens, Pelham Parkway, Spencer Estates, Schuylerville, Throgs Neck, Van Nest

Now is the time for New Yorkers – especially people over 50 – to take
personal precautions to prevent mosquito bites:

- **Use repellents that contain DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
 - **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
 - **Make sure that your doors and windows have tight-fitting screens.**
Fix or replace screens that have tears or holes.
-

Reduce mosquito exposure around your home:

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to www.nyc.gov/health.
