West Nile Virus activity* detected recently in the following
Manhattan zip code: 10028

Neighborhood: Yorkville

Now is the time for New Yorkers – especially people over 50 – to take
deductive precautions to prevent mosquito bites:

- Use repellents that contain DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and
  ALWAYS follow label instructions.

- If outside from dusk to dawn, wear protective clothing if possible, such as loose-fitting pants,
  long-sleeved shirts, and socks.

- Make sure that your doors and windows have tight-fitting screens.
  Fix or replace screens that have tears or holes.

Reduce mosquito exposure around your home:

- Eliminate any standing water that collects on your property.

- Remind or help neighbors to eliminate standing water on their properties.

- Call 311 to report standing water.

For more information about West Nile virus, call 311, or go to www.nyc.gov/health.
