Now is the time for New Yorkers – especially people over 50 – to take  
**personal precautions to prevent mosquito bites:**

- **Use repellents that contain DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
  - **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
  - **Make sure that your doors and windows have tight-fitting screens.**  
Fix or replace screens that have tears or holes.
- 

**Reduce mosquito exposure around your home:**

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.
