

**West Nile Virus activity\* detected recently in the following  
Staten Island zip codes: 10301, 10302, 10304, 10305, 10306, 10310, 10312, 10314**

---

**Neighborhoods: Castleton Corners, Dongan Hills, Eltingville, Great Kills, Grasmere, Greenridge,  
Livingston, Midland Beach, Old Town, Port Richmond, Sunny Side, West Brighton**

Now is the time for New Yorkers – especially people over 50 – to take  
**personal precautions to prevent mosquito bites:**

- **Use repellents that contain DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
  - **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
  - **Make sure that your doors and windows have tight-fitting screens.**  
Fix or replace screens that have tears or holes.
- 

**Reduce mosquito exposure around your home:**

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to [www.nyc.gov/health](http://www.nyc.gov/health).
