

**NEW YORK CITY DEPARTMENT OF HEALTH AND MENTAL HYGIENE**

Thomas Farley, MD, MPH  
Commissioner

**FOR IMMEDIATE RELEASE**  
**Friday, July 6, 2012**  
**(347) 396-4177**

**Health Department to Apply Non-Chemical Aerial Treatment to Reduce the Number of Mosquitoes and the Risk of West Nile Virus**

*Health Department to Treat Selected Parts of Staten Island, the Bronx and Queens on July 9, 10 and 11*

July 6, 2012 -- To control mosquitoes, the Health Department will apply larvicide by helicopter to marsh and other non-residential areas of Staten Island, the Bronx and Queens on **Monday, July 9, Tuesday, July 10 and Wednesday, July 11; between the hours of 6 a.m. and 7 p.m.** weather permitting. In case of bad weather, application will be delayed until Tuesday, July 10, Wednesday, July 11 and Thursday, July 12 during the same hours. While three days are allotted for this activity, the application may be completed in less time.

The areas to be treated appear below. These are marshy, natural areas, which are common breeding grounds for mosquitoes. Due to their size and inaccessibility by ground vehicles, these areas will be treated with larvicide from a low-flying helicopter.

**Locations of Application**

| Borough       | Neighborhoods                      | Marsh/Wetland Areas To Be Treated | Boundaries  | Part of Zip Code |
|---------------|------------------------------------|-----------------------------------|---|------------------|
| Staten Island | Arlington, Old Place, Howland Hook | Goethals North                    | Marsh areas bounded by South Avenue to the east; former North Shore Railroad to the north; Arthur Kill Channel to the west; and Staten Island Expressway to the south                                 | 10303            |
|               | Bloomfield                         | Corporate Park North              | Marsh areas bound by Graham Avenue and Felton Street to the east; Goethals Road North to the north; Gulf Avenue to the west; and Teleport Drive and Edward Curry Avenue to the south                  | 10311<br>10314   |
|               | Chelsea, Bloomfield                | Saw Mill Marsh North              | Marsh areas bounded by Chelsea Road to the east; River Road to the north; Arthur Kill Channel to the west; and Sawmill Creek to the south   | 10314            |
|               | Chelsea, Bloomfield                | Saw Mill Marsh                    | Marsh areas bounded by South Avenue to the east; Edward Curry Avenue, Chelsea Road and River Road to the north; Pralls River to the west; Meredith Avenue, Chelsea Road and South Avenue to the south | 10314            |
|               | Chelsea, Bloomfield                | Corporate Park                    | Marsh areas bounded by south Avenue to the east and south; Edward Curry Avenue to the north; and Chelsea Road and Bloomfield Avenue to the west   | 10314            |

|               |                            |                               |  |                         |
|---------------|----------------------------|-------------------------------|--|-------------------------|
|               | Chelsea                    | Chelsea East                  | Marsh areas bounded by Victory Boulevard to the east; South Avenue and Travis Avenue to the North; Chelsea Road to the west; and Meredith Avenue to the south  | 10314                   |
|               | Chelsea , Travis           | Chelsea                       | Marsh areas bounded by Victory Boulevard to the east; Meredith Avenue, Chelsea Road, South Avenue, and Travis Avenue to the north; Arthur Kill Channel to the west; and Wild Avenue and Victory Boulevard to the south | 10314                   |
|               | Fresh Kills                | Fresh Kills                   | Marsh areas bounded by Richmond Avenue to the east; Main Creek to the north; West Shore Expressway to the west; and Arthur Kill Road to the south  | 10314                   |
| Staten Island | Fresh Kills, Richmond Town | La Tourette                   | Marsh areas bounded by Richmond Hill Road to the east; Forest Hill Road to the north; Richmond Avenue to the west; and Arthur Kill Road to the south   | 10306<br>10308<br>10314 |
|               | Port Mobile                | Port Mobile                   | Marsh and wetland areas bounded by Arthur Kill Road to the east; Arthur Kill Channel to the north and the west; and Outerbidge Crossing to the south   | 10309                   |
| Queens        | Alley Pond Park            | Alley Creek                   | Marsh areas inside Alley Pond Park   | 11362<br>11363          |
|               | Linden Hill/ College Point | Abandoned Flushing Airport    | Marsh areas bounded by Whitestone Expressway to the east; 20 <sup>th</sup> Avenue to the north; 130 <sup>th</sup> Avenue and Ulmer Street to the west; and Ulmer Street and 28 <sup>th</sup> Street to the south       | 11354<br>11356<br>11357 |
|               | Edgemere, Somerville       | Dubos Point and Edgemere Park | Marsh areas bounded by Norton Basin to the east; Mott Point to the north; Grass Hassock Channel to the west; and Beach 65 <sup>th</sup> Street, De Costa Avenue and Almeda Avenue to the south                         | 11691<br>11692          |
| The Bronx     | Pelham Bay Park North      | Pelham Bay                    | Marsh areas bounded by Amtrak Railroad to the east; New England Thruway to the north; and the Hutchinson River to the west and south   | 10464<br>10475          |

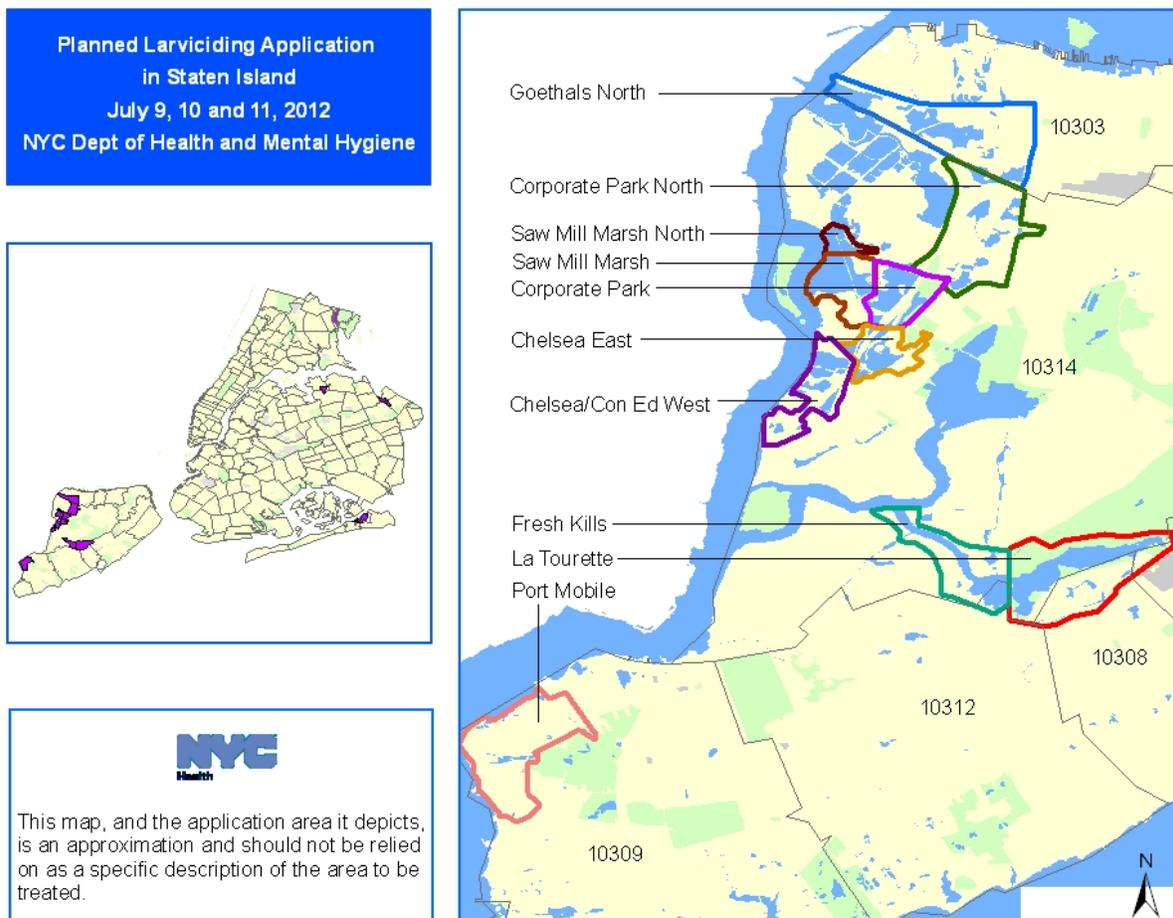

VectoBac™ CG, VectoMax™ CG and/or VectoLex™ CG – all containing naturally occurring bacteria – will be used for this application. These larvicides have been used throughout the mosquito season to treat mosquito-breeding sites. These products are approved by the U.S. Environmental Protection Agency and the New York State Department of Environmental Conservation.

### Reducing Exposure to Mosquitoes

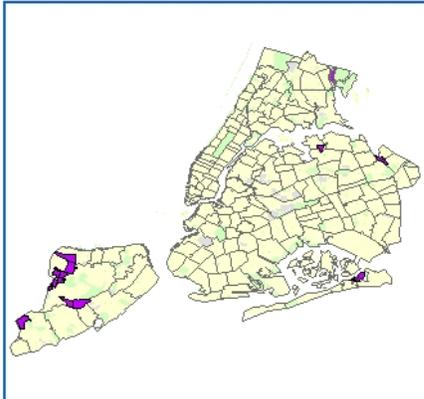

- Use an approved insect repellent containing DEET, picaridin, oil of lemon eucalyptus (not for children under three), or products that contain the active ingredient IR3535.
- Make sure windows have screens and repair or replace screens that have tears or holes.
- Eliminate any standing water from your property and dispose of containers that can collect water. Standing water is a violation of the New York City Health Code.
- Make sure roof gutters are clean and draining properly.

- Clean and chlorinate swimming pools, outdoor saunas and hot tubs. Keep them empty or covered if not in use; drain water that collects in pool covers.
- Report standing water by calling **311** or visiting [nyc.gov/health/wnv](http://nyc.gov/health/wnv).

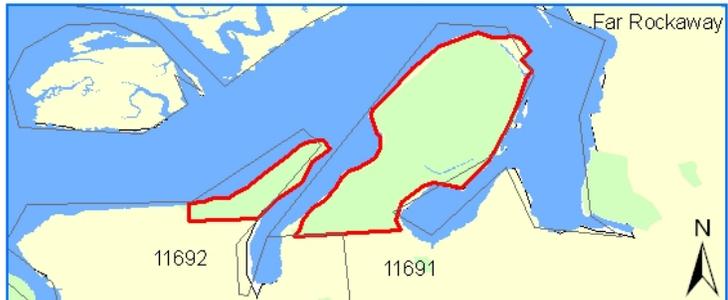

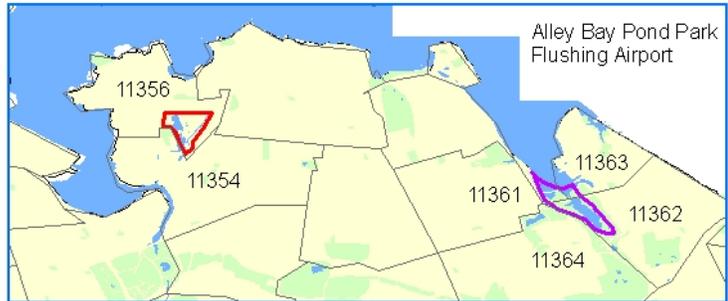

### Maps Depicting Specific Areas for Larvicide Application

Planned Larviciding Application  
in the Bronx and Queens  
July 9, 10 and 11, 2012  
NYC Dept of Health and Mental Hygiene
